# NUMBER DEAD IN TRANSPORT SINKING REMAINS UNCHANGED

## TEUTONS WARNED OF APPROACH TRANSPORTS, NOW BELIEF

Spy System Thought to Have Carried Information of Tuscania, Other Ships

BY ED L. KEEN  
(United Press Staff Correspondent)  
LONDON, Feb. 8.—That Germany had information of the coming of the transport Tuscania and other vessels with important personages aboard, was the belief expressed today by passengers on ships which accompanied the torpedoed ship.  
A distinguished personage from another ship who witnessed the attack, said three torpedoes were fired at his own vessel later Tuesday night. He declared his belief that the U-boat commander was acting upon information obtained through the German spy system. Scores of British naval and fishing craft continued their search today for bodies of the victims. They were aided by the coast patrol, which searched the bays and inlets of the Irish and Scottish shores in that vicinity. Hope of finding other survivors has been practically abandoned. The admiralty is making a careful check of the casualties and survivors, but so far has not deviated from the figures announced yesterday—210 probably lost and 2187 rescued. The missing, according to the admiralty's figures, included probably 145 American soldiers.  
Believe One Sub Lost  
Circumstantial stories told by British naval officers today indicated that at least one German submarine probably was destroyed during the attack. One of the rescuing destroyers, it was reported, wirelessed:  
"Torpedo just missed me," and gave the direction from which it was fired.  
Another destroyer, speeding to the spot, dropped a depth charge. The U-boat is believed to have been sunk. No further trace was found of her, although destroyers searched in that vicinity for a long time. This account is corroborated by other naval officers and passengers from other ships.  
Practically all accounts agree that two torpedoes were fired at the Tuscania, one passing close under her stern. From the number of torpedoes fired and the varying directions from which they came, it would appear there may have been a fleet of submarines engaged in the attack.  
The plan of mobilizing a number of U-boats to make a sinking certain was instituted with the sinking of the Lusitania and has been followed in a number of instances when the quarry was regarded as particularly important.  
Bravery Reported  
Tales of the bravery of sailors and soldiers aboard the Tuscania were legion today. One of the most vivid concerns a woman—an unnamed stewardess of the transport.  
The lifeboat in which she sat was crowded when it pulled away from the steamer. Despite this, several others who were swimming about in the icy waters were pulled aboard.  
With the little craft crowded to capacity, another soldier swam alongside. There was no room for him. He was too exhausted and numb from the cold to cling to the gunwale unaided. The stewardess leaned far over the side at the risk of falling overboard, and clutched his hand. In this strained position she held the soldier's head above water for half an hour.  
When they were picked up it was discovered that she was clutching the hand of a corpse.  
A medical officer from the Tuscania declared most of the deaths occurred among the men who jumped overboard when she was first struck. The transport began to list immediately, he said, and there was no way of picking them up until the lifeboats were lowered.  
By that time many of them had succumbed to exposure.

## CALIFORNIA BREWERS BREAK WITH SALOON

SAN FRANCISCO, Feb. 8.—Determination of the California State Brewers' association to break away from the saloon and endorsement of the "containing garden or cafe" where wine or beer can be purchased without buying a meal, was contained in a statement issued by the brewers' organization today. It was in reply to a letter from a member of state bankers and capitalists asking the brewers to state their position on the Rominger bill and declaring the bill unfair to the man of small means when it requires eating meat as a requisite to drinking wine or beer.  
ARTILLERY REPORTED  
LONDON, Feb. 8.—Hostile artillery fire during the night in the neighborhood of Flesquieres, was reported by Field Marshal Haig today.

## DEPTHS TO HEIGHTS IN MOMENT, REPORTS FORMER SANTA ANA

Mrs. Chas. A. Schweissinger Tells Experiences When News of Disaster Came

LOS ANGELES, Feb. 8.—As one little woman—a bride whose honeymoon the horror of war has stifled, as it has stifled that of thousands of others—the news of the Tuscania disaster brought sorrow and despair, later mingled with joy and rejoicing.  
But let Mrs. Chas. A. Schweissinger, wife of the senior first lieutenant of Company E, Sixth Battalion, Twentieth Engineers, who was among those on the ill-fated ship, tell it today in her own vivid way.  
"Flaring newspaper headlines and a United Press dispatch," she began, "broke the news to me. 'I was sick as if stabbed. All day I moved about the town down streets buying the extras and watching the dispatches, driven senseless to all else save a terrible fear and a God-like hope that fought for control of me.'  
"Finally I turned away to go home—I could scarcely think of it as that, but at least it was a refuge where I could hide my grief."  
Then it was that she bought the last extras and then in a bulletin—but let her tell it again.  
"There in black type in the list of survivors I saw the name—HIS name—'Lieutenant Chas. A. Schweissinger'—I was lifted from the depths to the heights in a single moment. I could not help it—she blushed as she turned away—I couldn't help it. I broke down and cried."  
Mrs. Schweissinger is a former Santa Ana girl. Before her marriage to Lieutenant Schweissinger she was Miss Anna McFadden, daughter of Mr. and Mrs. Robert McFadden, Santa Ana pioneers.

## PRESIDENT MUST FIGHT TO GET POWER ASKED OF CONGRESS

Plan Would Co-ordinate Various Bureaus of War Activity, Says Senator

WASHINGTON, Feb. 8.—President Wilson will have to fight to get the legislative authority to enforce his program that would co-ordinate the war department that the factions in congress have demanded.  
The method he has selected—a measure that would give him unprecedented powers of control over existing war machinery—is not to the liking of many in both houses. The prediction was made by its opponents that it would be smothered in committee as emasculated by amendments. The Senate judiciary committee probably will begin consideration of the measure Monday. It is possible the President may make a personal appeal to congress for favorable action upon it.  
Senator Overman, who suddenly precipitated the "empowering bill" on congress Wednesday afternoon, says "there's nothing so drastic about it as to shock the capital."  
Merely Co-ordinates  
"It simply gives the President authority to combine and co-ordinate the various bureaus, commissions and agencies to meet the war situation," he said, "just as the statute enacted March 3, 1917, places this function in peace time in the hands of the bureau of efficiency."  
"That bureau, which was prevented from making a report because of the war emergency, has been asked to furnish the committee with recommendations based upon its investigations under peace time conditions."  
Supporters of the Chamberlain bills were jubilant over the turn of affairs. They insisted that the President's action was a vindication of their position that reorganization was necessary.  
REPORTS FAVORABLY ON BILL TO REGISTER MEN 21 SINCE JUNE 5  
WASHINGTON, Feb. 8.—The Senate Military Affairs Committee today favorably reported on the bill calling for the registration of men reaching the age of 21 since June 5.  
The committee also favorably reported the bill, changing the method of apportioning the draft quotas in districts where there is a large alien registration, the one creating a nurses corps in the United States army, and the one prescribing methods of pay and appointments.

## ARAB TRIBESMEN VESSEL SINKING MAY BE SHARP STIMULUS TO ENLISTMENT

300 Prisoners Reported As Captured; More Than 400 Believed Dead

WASHINGTON, Feb. 8.—Arab forces under the command of the sheik of Mecca have completely defeated the Turkish army operating southeast of the Dead Sea, official dispatches received today state.  
In a sanguinary battle, which began January 30, the Arab tribesmen practically annihilated the entire Turkish force, capturing 300 prisoners, including the Turkish commander in chief and his staff, the report states.  
The Turkish loss in killed alone exceeded 400. Eighteen machine guns, two mountain guns and a large amount of booty fell into the hands of the Arabs.  
The engagement, according to the report made to General Allenby of the British expeditionary force in Palestine, began at Kerek, near the southeastern extremity of the Dead Sea. The Turks, badly beaten, lost many prisoners, seven machine guns, one mountain gun and a large quantity of booty, retreating in disorder.  
Pursuing Arabs overtook the detachments near Tafile, where the remaining forces were cut to pieces.  
Communication Open  
In the Jerusalem sector, General Allenby reports that railway communication has been opened up with the Jerusalem railroad, which virtually assures the British line of communication in their drive across the Jordan to cut the Hejaz railroad. If this campaign, which military critics predict is Allenby's plan of strategy, is successful, the Turk communication line with Medina will be broken.  
Tribesmen under the sheik of Mecca or king of Mecca, as the former sheriff of Medina now designates himself, have been of great assistance to the British expeditionary forces in driving the Turk from the Holy Land.  
Shortly after the British campaign in Palestine got under way, the sheik, ruling over Mecca and Medina by the authority of the sultan, declared the independence of Arabia from Turkish rule.  
England immediately recognized the newly formed government and as a result the Arabs allied themselves with the British.

## SHIPBUILDING TIE-UP ON ATLANTIC REPORT

WASHINGTON, Feb. 8.—With more than 9,000 cars of wood and steel shipbuilding material lost in the freight jam, the whole shipbuilding program on the Atlantic coast was threatened with a complete tie-up.

## COLONEL ROOSEVELT VERY MUCH ALIVE IS LATEST REPORT HERE

Rumors of Death of Famous Ex-President Denied In Dispatch From Hospital

NEW YORK, Feb. 8.—Colonel Roosevelt is making "satisfactory progress," following his operation here yesterday for an abscess of the ear.  
Mrs. Josephine Stryker, his secretary, issued the following report at 3 o'clock.  
"Dr. Buell says that Colonel Roosevelt is making satisfactory progress. The symptoms of inflammatory trouble in the internal ear are subsiding."  
NEW YORK, Feb. 8.—Following circulation of irresponsible rumors regarding Colonel Roosevelt's condition, the superintendent of the Roosevelt hospital issued the following statement at 1:45 p. m.:  
"Every report coming down from Colonel Roosevelt's room, and they are coming every few minutes, says that he is anything but dead and is improving. However, if another abscess should form, it might be a different story. At present Colonel Roosevelt is very, very far from being a dead man."  
Among those who called at the hospital, but were unable to see the colonel, were Oscar Straus of the Public Service Commission; Admiral Albert Cleave, captain of the Mayflower during the Roosevelt administration; George B. Cortelyou, presidential secretary for Roosevelt; Richard R. Hurd, head of the Lawyers' Mortgage Company, and Miss Josephine Stryker, his private secretary.

## VESEL SINKING MAY BE SHARP STIMULUS TO ENLISTMENT

Rallying Cry of Future Will Be 'Remember the Tuscania,' Says London Press

LONDON, Feb. 8.—"Remember the Tuscania," will be an irresistible call to the colors and battle cry of victory for the Americans in the war, London newspapers declared today.  
All editorial comment sympathized with America over the Tuscania dead and demanded most strenuous measures for speeding up the fight against the U-boats. Increased shipbuilding was urged. Newspapers proclaimed the confidence of the allies that the submarine problem can be conquered.  
"The U-boat which sank the Tuscania did a bad day's work for Germany," said the Express. "America's mind was in the war before. Now her soul is enlisted against the Kaiser. Remember the Tuscania! will be an irresistible call to the colors and battle cry."  
The Telegraph declared it was not believed that the enemy's undersea offensive against the essential line of communications between the United States and the front would meet with a cumulative success. "But we must be prepared, perhaps, for a long period of ups and downs and conflicts. This has become a war of transport—particularly sea transport."  
"Statesmen who are inclined to be optimistic over the submarine campaign should keep their lips closed," warned the Chronicle. "A bad week follows every such statement."

## LUMBERJACKS WILL SEEK REVENGE

SAN FRANCISCO, Feb. 8.—The lumberjacks of California are going to avenge the Tuscania.  
The submarine which sank the transport stirred something besides the vessel's hull. The lumber camps are fighting mad and swear vengeance.  
The Twentieth Engineers, whose units of foresters were on board the Tuscania and many of whose members went down with her, was recruited largely on the Pacific coast.  
Today seven husky woodmen from Eureka came to town and enlisted. They are believed to be the vanguard of a rush of avenging timber workers. All had traveled 300 miles to join an engineers' regiment.

## SHELLS ATTEMPT TO LOCATE CAMOUFLAGED AMERICAN BIG GUNS

BY J. W. PEGLER  
(United Press Staff Correspondent)  
WITH THE AMERICAN ARMY IN FRANCE, Feb. 7. (Delayed).—German shells today were attempting to seek out the perfectly camouflaged American heavy guns. This afternoon the enemy's heaviest guns monotonously and persistently hurled their big projectiles where they believed the American guns were hidden.  
Trenchland was more quiet than usual today. Occasionally there were outbursts of machine gunning. A few German pineapple bombs landed in the wire entanglements, without damage to the Sammies. Taking advantage of the clear, windy day, the Sammies hung out their rain-soaked clothing to dry wherever concealment was offered.  
Working parties accomplished a great improvement in the drainage of the American sector. This relieved the near flood situation resulting from yesterday's light rain.  
Nightly patrols completely police "No Man's Land" for the width of the sector. One patrol returned from a boche parapet bringing in a Mauser rifle, evidently left while the enemy sentry crawled off for a snooze.  
In the latter part of this year the burden of maintaining the man power in Europe will fall largely upon the United States, he warned.  
Geddes said he feared the loss of the Tuscania would be only one among several big ships, as a result of Germany's latest submarine offensive. The man power burned in the first half of this year, he asserted, would fall on the British and French, but thereafter the Americans must increasingly fill the gaps in the allied line.  
The United States, he said, is showing the greatest energy in training and equipping a splendid army. The only uncertainty is with regard to how many fighters can be safely transported across the Atlantic.

## FIRST 'VEST POCKET SUB FIGHTER' BEGUN

WASHINGTON, Feb. 8.—The keel for the first of the "vest pocket submarine fighters" Henry Ford is making for the Government, was laid yesterday, Ford wired Secretary Daniels today.  
"This contract was let only a few days ago," said Secretary Daniels, "so you see Ford is losing no time getting under way."  
Daniels said the boat has not yet been named, but that whatever name was given it officially probably will be popularly replaced with a nickname.

## Krupp Works Being Put Under Ground; Fear U. S. Air Raids

Reports From Holland Say Germany Preparing U-boat Attack In Pacific

NEW YORK, Feb. 8.—The Krupp works, Germany's famous munitions plant, is being put underground for fear of American air raids, according to word brought here today by passengers on the Nieuw Amsterdam from Rotterdam.  
From well informed passengers the following facts and figures were gleaned:  
Germany is planning a submarine campaign in the Pacific. Desertions in the German army are increasing.  
American prisoners are treated worse in Germany than English or French.  
Holland has only two months of provisions.  
Holland may enter the war unless the allies and the United States supply her needs.  
Fear that the ship brought German fungus to ruin the American wheat crop was reported as one reason for the minute examination of the 1,506 passengers. Even face powder, soap and tooth paste were seized in the search. Result of the search was unrevealed.  
Elaborate examination was necessary here because the Nieuw Amsterdam did not touch at Halifax, British port of call.

## GERMANY PREPARING TO OFFSET ALLIED TRADE BOYCOTT

WASHINGTON, Feb. 8.—Germany is launching a counter drive within the central empires to offset growing fear of an allied economic boycott after the war.  
"Secret agreements" to be promulgated by Germany and the greed of other nations will smash any boycott, declared the semi-official Wolff agency in an article prepared for wide distribution in Germany and Austria, a copy of which has reached this government.  
"By compensation agreements, it would be easy for Germany to prevail upon countries to make exchanges secretly or openly. If individual states take up business connections with Germany openly or secretly there will be many ways to get raw materials."  
"As soon as the chain of agreements with regard to an economic war is broken, England will be the greatest sufferer. An exchange of goods, not carried on according to natural economic laws, will make the costs of production greater, export more difficult and inland consumption more expensive, all to the detriment of English laborers."  
Italy, according to the Wolff article, "cannot long do without Germany, its best market for vegetables, fruits, flowers, silks, etc. The natural market for Russian grain, hemp, bran, wood, eggs and many raw materials, is Germany. Many countries need goods which they can get only from Germany, such as coal, coke, potash, sulphate of ammonia, chemicals, dyes, etc."

## EXPECT MORE LOSSES BUT MUST KEEP UP FLOW-MEN, CLAIM

LONDON, Feb. 8.—There will be more transport losses, but America must keep a steady stream of men flowing across the Atlantic to build up the allies' man power, Sir Eric Geddes, first lord of the admiralty, declared today.  
In the latter part of this year the burden of maintaining the man power in Europe will fall largely upon the United States, he warned.  
Geddes said he feared the loss of the Tuscania would be only one among several big ships, as a result of Germany's latest submarine offensive. The man power burned in the first half of this year, he asserted, would fall on the British and French, but thereafter the Americans must increasingly fill the gaps in the allied line.  
The United States, he said, is showing the greatest energy in training and equipping a splendid army. The only uncertainty is with regard to how many fighters can be safely transported across the Atlantic.

## STATE COMBATS INSANITY PLEA IN TRIAL OF E. S. KEYES

District Attorney Masses Rebuttal In An Effort to Shatter Defense

DEFENDANT TELLS OF BUYING WHISKEY

Four Doctors to Be Placed on Stand and Will Say Keyes Is Sane

The life history of Edward S. Keyes as told by his mother, Mrs. Martha De Turk, the records of the Los Angeles courts showing that in August, 1916, Keyes was committed to an insane asylum, the declaration of two Los Angeles doctors that a man fitting the hypothetical question put to them by Attorney Ingle Carpenter is insane, the statement of a physician of the State Hospital at Patton that Keyes is weak minded—these are the main points in the defense of insanity made for Keyes, on trial for the murder of 11-year-old Leonard Herwick on Dec. 7.  
Today District Attorney West is firing legal shot and shell into the defensive trenches.  
He has put on a number of witnesses who saw Keyes frequently at Newport Beach, who transacted business with him, and who conversed with him often previous to the murder, and these witnesses say he was sane.  
He has put on officers who have observed Keyes at the county jail, and they say he has acted like a sane person.  
He has read a hypothetical question to four doctors, who will be the experts for the state, and the reply of these doctors is that Keyes is sane. Dr. R. A. Cushman, C. D. Ball, John Wehrly and Waite are the physicians called for the prosecution.

Edward Keyes himself was put up on the stand yesterday, but his testimony involved but one point only. That point was in reference to the buying of liquor at Anaheim during a period of ten days or more before the murder. He kept his eyes to the floor as he testified in a low voice.  
Attorney Carpenter for the defense closed his case this morning, and immediately the rebuttal witnesses for the prosecution were called.  
Keyes in his testimony yesterday said that after his mother was shot at Norwalk and was taken to a hospital in Los Angeles, he went to Anaheim for liquor almost every day. When he was asked how he was paid for getting liquor for others he said that he got "lots of booze and gasoline," not money. The first time he was with Henry Kemme, who Keyes said gave him some booze for making the trip.  
The next day he went with a butcher from Balboa. Keyes got a pint of whiskey. The next day he went with two other men, and he got all he wanted to drink. He got a quart and a pint of liquor. Then he went with Kemme again. He went the night of Dec. 7, and bought some liquor for himself with some money he got for selling chickens, and he got some for bringing liquor back.  
In his testimony yesterday afternoon, Henry Kemme said that as he was going to Los Angeles once with Keyes, they passed near the asylum at Norwalk, and Keyes took out a revolver and showed it to Kemme saying he would use it before he would ever go to an insane asylum again.  
Expert on Stand  
Dr. Wayne was again on the stand this afternoon.  
After Attorney Carpenter again presented a hypothetical question to Dr. Wayne of the State Hospital at Patton, in which question he painted a picture of Keyes' life in the strongest way that it is possible to paint it, taking the testimony as the defense sees it, Dr. Wayne declared that he believed Keyes was sane when he killed Leonard Herwick.  
It developed that Dr. Wayne had dictated the much discussed letter that went to Carpenter when Keyes was discharged from Patton, which letter said that Keyes would always be weak minded but that he would probably not have another attack of insanity for a long time.  
"Was it not another attack that he had when he killed the boy at Newport Beach?" asked Carpenter.  
"He has never had another attack," declared Dr. Wayne positively.  
Dr. Wayne said that he did not be-

## NEWS MEAGER OF TUSCANIA LOSS NOW OVER TWO DAYS PAST

Confused Figures of Total Surviving Still Holds at 210; 145 Soldiers

HUNDREDS HOMES IN WORRY FOR RELATIVES

Messages Coming In Code to Navy Department May Give Names of Saved

BELFAST, Feb. 8.—The Tuscanian death roll may be reduced by a hundred through the landing of survivors at other points on the Irish and Scotch coast, it is estimated here this afternoon. The admiralty's estimate of 210 fatalities will stand until later figures are available.  
BY ROBERT J. BENDER  
(United Press Staff Correspondent)  
WASHINGTON, Feb. 8.—Despite the fact that more than two days have elapsed since a German U-boat sank the Tuscania, this Government had received but scant details of the attack and only confused figures on the missing.  
Official dispatches to the War Department list as lost 113 American soldiers and 97 of the passengers and crew of the vessel—a total of 210.  
Navy Department cables state today that a total of 2035 have been landed at various points on the Irish and Scotland coasts, leaving approximately 262 of the American troops, passengers and crew unaccounted for.  
Of those landed, 99 are reported in hospitals and assurances have been forwarded here that all are being well cared for.  
The list cannot be completed, it is now believed, for several days. The coasts of the British Isles are being combed for information from fishermen and townspeople in the belief that more will be added to the list of survivors.  
There were 2177 military passengers on the Tuscania, consisting of 117 officers and 2060 enlisted men and two civilian passengers, according to a revised list today. Confusion in official cables from London is admitted. To allay apprehension of those having relatives with the 107th Regiment of Engineers, incorrectly reported as being aboard the Tuscania, the committee on public information announced that it was the 107th Engineers' train of the 32nd Division which was aboard.

## EXPECT CASUALTY LIST IN CODES

BY ROBERT J. BENDER  
(United Press Staff Correspondent)  
WASHINGTON, Feb. 8.—Hundreds of American homes today waited anxiously for the names of the more than 100 fighting boys believed to have been lost on the torpedoed Tuscania. At an early hour the official figures on total missing still remained at 210.  
British and American wireless stations were searching the remotest points in Ireland and Scotland in the hope of locating further survivors from the ill-fated ship.  
Early today the War Department officials were hard at work decoding a mass of reports which came in during the night. Out of these messages is expected to develop the list of those who have been added to the nation's honor roll—and details of the German blow which brought their death.  
Dispatches received at the State Department show that the Teuton U-boat, sinking before a background of the north Ireland coast line and protected by the growing dusk of Tuesday evening, loosed her fatal torpedo shortly before 6 o'clock.  
Instruments Warn  
According to early reports the U-boat was never seen, either by those aboard the transport vessel or by the convoy. That the delicate instruments on these ships which warn of a submarine's presence had registered the danger, however, is indicated in the order to all aboard the Tuscania to go on deck before the torpedo struck.  
Thereafter the picture thus far presented throws a glowing light over the rescue work of the British destroyers which saved the lives of most of the American troops. So far as is known, no American destroyers were in the convoy participating in the rescue or were in the vicinity at the time of the tragedy.  
There was some tendency today to criticize the War Department for holding up news of the disaster nearly five hours before giving it out Wednesday night. The fact that the Tuscania had sent out S. O. S. calls was known here in diplomatic quarters shortly after noon Wednesday and the War Department

# ELKS CARRY OFF DOLLY DIMPLES PERFORMANCE PERFECTLY

Entertainment Went Without Single Hitch to Mar the Excellent Program

The local Elks covered themselves with glory last night at the Opera House, where they gave their first performance of "Miss Dolly Dimples" for the benefit of the War Fund.

The opening musical number, "Tattle Tale," with dainty Misses Sherrill Spurgeon, Sallie Coe and chorus, was in itself worth the price of the tickets, and the very littlest girl, at the right end of the front row, was a whole chorus all by her small self.

All the musical numbers were good, and the chorus, composed mostly of high school girls and boys, had the

## FROM OCEAN TO OCEAN

Women Praise Lydia E. Pinkham's Vegetable Compound for Health Restored.

In almost every neighborhood in America are women who have tried this standard remedy for female ills and know its worth.

Athol, Mass.—"Lydia E. Pinkham's Vegetable Compound has done me a world of good. I suffered from a weakness, and a great deal of pain every month and nothing brought me any relief until I tried this famous medicine. I am a different woman since I took it and want others who suffer to know about it."—Mrs. ARTHUR LAWSON, 559 Cottage St., Athol, Mass.

San Francisco, Cal.—"I was in a very weak nervous condition, having suffered terribly from a female trouble for over five years. I had taken all kinds of medicine and had many different doctors and they all said I would have to be operated on, but Lydia E. Pinkham's Vegetable Compound cured me entirely and now I am a strong well woman."—Mrs. H. ROSSKAMP, 1447 Devisadero St., San Francisco, Cal.

For special advice in regard to such ailments write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its many years experience is at your service.

Gowdy's Corral 1736 W. 5th St. Sunset Phone 1024J

charm of youth, good looks and abundant vivacity. Several of Santa Ana's favorite singers were included in the cast, notably Mrs. Norina Coleman and Lloyd Babbitt, whose voices possessed more carrying power than some of the others, who found it a bit hard to send their voices out into so large an auditorium.

Little Misses Sallie Coe and Evelyn Sherrill made a decided hit with their Scotch dance and Miss Hunt's classic dance was very pretty. Small Master Robert Chapman and Little Eleanor Mitchell as Jack and Betty were delightful.

Joe Burke a Hit

There wasn't any doubt about the popularity of Joe Burke's number. As a song bird, Joseph is in a fair way to out-Cohan George Cohan, and his "Dago" make-up was a scream. If the gypsies up at Oakland had seen and heard Joseph last night, they would stop all the fuss they've been making about electing a new king and offer Joe the crown.

All the cast for the "Dolly Dimples" comedy were aptly chosen and each one did his or her share to make the performance the success that it certainly was.

W. F. Menton as Mr. De Parks, the American ambassador, looked, as usual, most impressively and correctly ambassadorial, lending dignity and eclat to the whole performance. There's something about William's said and shining dome of thought that inspires words like "dignity" and "eclat," no doubt about it.

Mrs. Lloyd Babbitt was a very attractive and self-possessed Mrs. De Parks.

Dolly Dimples Captivates Mrs. Florence Thayer McClay as Dolly Dimples, was very charming, and carried her part off with a delightfully professional manner. Miss Adeline Hill was an altogether captivating "Bess."

Mr. H. Shissler, both in his disguise and in his natural clothes, made a great hit as "The Real Count," and Lloyd Babbitt was equally convincing as the bogus Count. Roy Peterson was a correct and proper Dr. Granville.

Dr. Rossiter deserves a column all to himself. He was the funny man, the Court Jester, otherwise the "Wizard of Oz," and he would have made Charlie Chaplin pale with envy. His tinsel crown, his spangled jerkin, his elegant pink silk tights (if anything may be called "tight" that so obviously wasn't)—altogether, the doctor was there with the goods every minute.

"Doc" Barnes a Blackface Sharing the honors with the doctor, came "Doc" Barnes as Will Bill Williams. Mr. Barnes' popularity as a black face comedian is considerable around these parts, and last night's performance added to his laurels.

Miss Gertrude Potts as Suzette, the Maid, was all that a French maid should be.

The final number included the much-heralded stunt by Sam Stein, Fred Chapman and Miss Miller. The rotund Sam in a fluffy white Mary Jane gown with frilly undergarments, with Mary Jane pumps and short socks and everything, made a great hit. Fred Chapman's long leanness was a striking contrast. Miss Miller, as in every act to which she contributed, was a joy. Her capable work in directing the performance is worthy of great praise, for there was not a hitch in the whole evening's run, and the house, crowded to the loors, showed its unbounded approval.

## WILL ORGANIZE WAR FINANCE COMMITTEE

Representatives From Various War Activities Meet This Morning

Committees from the different war and activities met at the Chamber of Commerce this morning and took definite action looking to the organization of a central body to conduct the campaigns. A committee of one from each of the committees was appointed on motion of T. E. Stephenson to draft by-laws and formulate plans for the organization. The committee is composed of E. L. Andrews of the thrift stamp committee, Mrs. W. L. Grubb of the Y. W. C. A., Harry Lewis of the Y. M. C. A., Fred Rafferty of the Red Cross and A. E. Bennett of the Liberty bond committee. They will report back to the general committee next Friday morning at 8:30 o'clock.

In the general discussion it developed that it was the opinion of all the organizations that campaigns could be conducted more effectively with a central organization supervising the different drives. Execution of the plans, however, will be left to committees from each activity. It was decided to limit the general committee to three representatives from the Y. M. C. A., Red Cross, Thrift stamp, Liberty bonds and Y. W. C. A. The committee will co-operate in efforts to raise funds for other war financing activities approved by the government.

George Shattuck was elected chairman of the meeting this morning and John A. McFadden secretary.

Representatives of committees present were: Red Cross, T. E. Stephenson and Fred Rafferty; Y. M. C. A., J. J. Crookshank, Harry Lewis and Chas. Heidt; Thrift stamps, E. L. Andrews; Mrs. W. L. Grubb and Horace Fine; Liberty loan, Geo. Shattuck and A. E. Bennett. Mrs. Grubb also represented the Y. W. C. A.

## STATE COMBATS INSANIT PLEA IN TRIAL OF E. S. KEYES

[CONTINUED FROM PAGE 1]

Heve that Keyes' injury to his head had anything at all to do with Keyes' mental condition or the after history of his life. Keyes merely developed into a defective pervert.

The second doctor called to the stand was Dr. C. D. Ball, who began listening to a question from the district attorney at 2:30 this afternoon. This afternoon the courtroom is packed. Attendance at the trial has increased each day. It is probable that no court will be held tomorrow. Adjournment tonight will probably be until Monday.

Found Him Ill

Dr. Bessie Raiche of Balboa testified that on the evening of December 8 she arrived at the De Turk home in response to a call. Mrs. De Turk met her in the yard and called to her, "Hurry, hurry, Eddie is dying." Dr. Raiche found Keyes white, shaking and trembling, and upon her advice he was taken to the Santa Ana Hospital.

Henry Kemme on Stand Henry Kemme, blacksmith at Newport Beach, testified that he had gone with Keyes to Anaheim on one occasion, and bought a dozen bottles of beer and some whiskey. Returning, Keyes took a bottle out of his pocket. Keyes said it was poison and he thought he would take it.

"Did you see the poison?" asked the district attorney.

"No," said Kemme, "I didn't even see the bottle."

Dr. Riley's Testimony

Dr. John A. Riley, superintendent of the State Hospital at Norwalk, introduced nurse's reports of Keyes' condition while there. A letter written from the institution at the time Keyes was discharged was introduced, in which letter Keyes is described as weak-minded.

District Attorney West launched directly into his rebuttal by calling witnesses who had seen Keyes frequently.

Believed Him Sane

Darwin W. Tate, hog-raiser, corner Fifth and King streets, had an arrangement whereby Mrs. De Turk and Keyes gathered garbage at Newport Beach, and transferred a part of it to Tate's wagon at the De Turk place. Tate saw Keyes almost every day in August and September and once a week thereafter.

"Did you consider him sane or insane?" asked West.

"Sane," said Tate.

E. J. Knight, street superintendent at Newport Beach, saw Keyes almost daily from August to December, and thought him sane.

Theo. Lacy, Jr., jailer, and W. D. Willson, deputy jailer, and Sheriff Jackson testified that since Dec. 26 they have seen Keyes daily at the jail and have talked to him and consider him sane.

In Normal Condition

Wm. Ulrich, deputy city marshal at Newport Beach, saw Keyes frequently, and talked to him. On the afternoon of the crime he saw Keyes driving about in a machine, and saw him walk along as though in normal condition.

Some sharp words were passed when the sheriff was on the stand. The sheriff and the jailers were asked if they had conducted any experiments in jail to test Keyes' sanity under conditions of excitement or when under liquor. The district attorney pointed out that it would be a crime to give Keyes liquor in jail.

"Not having conducted any experiments, knowing that some insane men may appear sane at times, you are willing to come here and swear a man's life away?" asked Carpenter of Jackson.

When West objected to the insinuation in the question, Carpenter changed it. Jackson said he merely gave his judgment from what he had seen of Keyes at jail.

Business at Bank

L. H. Wallace, president of the First National Bank at Newport Beach, testified that last summer Mrs. De Turk brought her son into the bank, opened an account for him and later transferred her entire account to him. Wallace understood that she was to let her son run the business. Keyes drew the checks thereafter. He disappeared for a time and Mrs. De Turk enjoined the bank from cashing more of his checks.

"I saw him the week before the murder," said Wallace. "I never saw him when he did not appear and talk rationally. I had no reason to think he was otherwise than sane."

John N. Herron, merchant at Balboa, said Keyes traded at his store frequently and he always thought him sane.

"He seemed just as sane as anyone else around the place, and saner than some," said Herron. Mrs. De Turk told him that she did not want Eddie to have any liquor. He saw Keyes the day before the murder and he seemed normal then.

Keyes Sane, Says Expert

Dr. Elen A. Wayne, who has been assistant physician at the state asylum at Patton for the past nine years, from his observation of Keyes, said that he was absolutely sane. His testimony was directly opposite that of the experts called by the defense yesterday afternoon.

The institution he is connected with today has 2300 patients, and is the largest in the West. He said he first saw Keyes when he was brought to the asylum, August 10, 1916, on commitment from Los Angeles.

District Attorney West propounded the hypothetical question put to Dr. Allen yesterday afternoon by Attorney Carpenter and asked the witness whether or not in his opinion Keyes was sane at the time of the commission of the crime for which he is on trial.

The physician answered that he was sane. The question covered the life and action of the defendant up to the

## Replenish Your Wardrobe

At a Big Saving Over Future Prices

Men, here is a chance to replenish and enlarge your wardrobes at a big saving over future prices! You can choose from a large stock of Suits made by some of the foremost manufacturers of Men's Clothes in America. It may be years before you can buy clothes at present prices, you certainly will not have an opportunity of doing so later this year.

## The Advance Not Going to Come—It Has Already Been Made By Manufacturers

Clothes we are now buying for future delivery are costing more at wholesale than we are now getting at retail. We are also informed that the quality will not be so good. Indeed, we may not be able to buy pure all-wool clothes at any price.

## We Now Are Selling All Wool Suits At Last Year's Prices

There are styles and sizes for men of all ages, builds and preferences. A wide range of materials and colors.

Many are buying TWO suits! And they would be justified in so doing, even though materials for Spring and Fall did not show advances of from 25 per cent to 50 per cent—as is the case!

## Men's Stylish Suits

\$15.00 to \$25.00

And You Won't Want to Miss the Big Bargains In Men's Soft Felt Hats, Stiff Hats, Caps, Shirts, Neckwear, Sweaters, Mackinaw Coats, Bath Robes, House Coats, Trousers, Underwear, All Neckwear, All Jewelry.

Boys' Suits and Overcoats, Trousers, Shirts, Waists, Boys' and Children's Hats and Caps.

## The Wardrobe

time of the crime. Following the answer court adjourned for the noon recess.

Miss Cenia Wilson, telephone operator in the office at Newport Beach, preceded the physician on the stand. She told of Keyes coming into the office to telephone to Los Angeles when his mother was ill at the hospital. He spoke to her at different times and District Attorney West tried to get her opinion as to his sanity. West proposed a question, and she answered that he was sane. She answered the question before Carpenter could interpose an objection. The question and answer later were stricken from the records.

Experts on Insanity

Dr. Chas. L. Allen and Dr. Don P. Flagg, of Los Angeles, qualified as insanity experts and related their observations of Keyes at different times in Los Angeles in 1916.

Dr. Allen declared that Keyes was mentally deficient and that his mind was deteriorating. He is a moron—a man physically, but with the mind of a child of 9 or 10 years old. He declared that Keyes could not distinguish right from wrong and that the condition he had brought himself to through the use of liquor on the night he committed the crime he is charged with, he did not know what he was doing. He related a particular instance during his observation of Keyes which was one of many acts that convinced him that Keyes was insane. Keyes told the expert that he had forty bulldozers that he wanted to take down to the border and wipe up the Mexicans at the time of the trouble on the border.

His admitted acts of degeneracy and his filthy habits were further evidences of imbecility. Attorney Carpenter put a hypothetical question to him that took nearly ten minutes for delivery and in brief covered the life of the defendant from his birth down to the night of the commission of the crime, concluding with the question as to whether or not, in the opinion of Allen, Keyes was sane and knew what he was doing when he committed the murder, if he did commit it. Allen said that he

was positively insane. He said men of his mentality had sudden impulses under certain conditions where they absolutely did not know what they were doing.

Like a Tiger

Dr. Flagg said that he had told the officers in Los Angeles in 1916 that if they did not confine Keyes, it was like turning a tiger loose on the streets to permit him to be at large.

Flagg has been practicing for nine years, making a specialty of feeble minded and insane. He is examiner for the schools in Los Angeles and has been for a number of years, in addition to which he maintains an institution for the observation and treatment of feeble minded and insane. He said that he had examined at least 2500 defectives, and that he had from 30 to 100 children in Los Angeles before him daily for examination as to their mentality. He said the defectives in all schools were from one-half of 1 per cent to 2 per cent and that in Los Angeles the average was from 1 1/2 to 2 per cent. From 40 to 70 per cent of the felons in state prison are defectives mentally.

He declared Keyes was insane, had always been and always would be. He is insane, with criminal instincts. His past life has shown criminal tendencies in most every instance. He does not believe in capital punishment because he believes every murderer is mentally deficient. "I don't think you can send a man who is sick to the electric chair or to the gallows, and every man who is insane is sick," declared the expert.

LADIES' TAILORING

—Special reduced prices for making ladies' suits and coats will be continued until further notice. Chas. Land, 109 E. Third street. Phone 1350.

## GOVERNMENT OF ORANGE COUNTY IS KNOWN AS EFFICIENT

Sonoma County Asking For  
Information As to How  
We Got Good Roads

The Taxpayers' Association of Sonoma county is appealing to Orange county for advice upon how to run his county government.

This query, coming from Sonoma county, has a particular interest here because the Orange County Taxpayers' League a year or more ago, held up the Sonoma county government in criticism of Orange county's government.

At the time the criticism was made, County Auditor Jerome wrote to the Sonoma county auditor and got figures showing that the running of county offices in Sonoma county costs 35 per cent more than running the same offices in Orange county.

The query concerning Orange county's government came to County Clerk N. T. Edwards today, and it reads as follows:

Santa Rosa, Cal., Feb. 4, 1918.  
County Clerk, Orange County,  
Santa Ana, Cal.

Dear Sir: We have heard much of the efficiency of government in your county, of your excellent roads and educational advantages—all attained with a marked degree of economy.

We desire to know how it is accomplished. Do you employ an efficiency man as county manager? Are your roads under the supervision of

## NO MORE CATARRH

A Guaranteed Treatment That Has  
Stood the Test of Time

Catarrh cures come and catarrh cures go, but Hyomei continues to heal catarrh and abolish its disgusting symptoms wherever civilization exists.

Every year the already enormous sales of this really scientific treatment for catarrh grow greater, and the present year should show all records broken.

If you breathe Hyomei daily as directed it will end your catarrh, or it won't cost you a cent.

If you have a hard rubber Hyomei inhaler somewhere around the house, get it out and start it at once to forever rid yourself of catarrh.

Rowley Drug Co., or any good drug-gist, will sell you a bottle of Hyomei (liquid), start to breathe it and notice how quickly it clears out the air passages and makes the entire head feel fine.

Hyomei used regularly will end catarrh, coughs, colds, bronchitis or asthma. A complete outfit, including a hard rubber pocket inhaler and bottle of Hyomei, costs but little. No stomach dosing; just breathe it. It kills the germs, soothes and heals the inflamed membrane.

a road engineer? What type of roads are you building? What number of miles of concrete roads have you built, outside of state highway? Tell the width of roadway and cost per mile of each type of construction.

The cost of maintaining our government was \$1,120,000 last year. Our tax rate is \$2.02. We spent \$282,000 on our roads last year and seemingly have no roads to show for this vast expenditure—none of permanent construction. What is the assessed value of your property, your tax rate?

I am addressing communications to progressive counties and hope to make a study of the methods they employ to get results. Trusting you will shed some light on this subject which will enable us to secure better returns on our tax money, for which I can assure you of the appreciative thanks of the people of Sonoma county. I am Yours truly,  
J. L. PEARCE, Secy.

## WAR WEAPONS AT BIG ORANGE SHOW

Citrus Fruit Growers Turn  
To War For Designs at  
Big Exposition

SAN BERNARDINO, Feb. 8.—All the great weapons of war—from the tanks to the flying machines—will be assembled at the National Orange Show to be held here February 20 to 28, for many California citrus fruit communities have selected from the field of war the designs which they are building from their golden oranges. The tank will be in full operation. A great naval gun will boom. A submarine will be chased by a submarine chaser. A battleship will be in full action. Airplanes will fly at another exhibit, and a lighthouse will flash its lights at another. There are many others.

The greatest tents on the Pacific coast have been in place for two weeks, and hundreds of workmen are rushing the final details of the golden exposition. The city has put on its gala attire in anticipation of entertaining 100,000 visitors.

The allies' court has been selected and the most beautiful daughters of Southern California will represent the nation's allies in a gorgeous pageant and preside at the entertainment features.

And to round out the patriotic atmosphere of the exposition, one entire department has been turned over to the national food administration, where thousands of persons will witness how to conserve food, make war bread and use substitutes and hear the latest word from Mr. Hoover. This demonstration will be held daily.

## CLAIMS U. S. ORDERS WILL LENGTHEN WAR

AMSTERDAM, Feb. 8.—Germany declares America's regulation of neutral shipping entering her ports by which the greater portion of this tonnage is diverted to allied use "doubtless will prolong the war."

This admission is made by Under Foreign Secretary von Dem Bussche of Germany in an interview with the Berlin correspondent of the Handelsblad.

"Germany cannot quietly acquiesce in America's new and only superficially hidden robbery of several thousand tons of neutral shipping," declared von Dem Bussche.

"America has thus improved her military position and it doubtless will prolong the war."

"Simultaneously, we recognize Holland's difficult position and her inability to protect her own shipping."

## BREAKS A COLD IN FEW HOURS—TRY IT!

First Dose of Pape's Cold Compound  
Relieves All Grippe  
Misery

Don't stay stuffed up!  
Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe, misery and break up a severe cold either in the head, chest, body or limbs.  
It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and it costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

"Honestly, It's the Best Policy."

## OLSEN RESIGNS POSITION WITH SANTA ANA BANK

Will Resume Former Position  
With Los Angeles Trust  
and Savings Bank

A. J. Olsen, secretary and trust officer at the Orange County Trust and Savings Bank, has resigned his position, to become effective on the first of March. Olsen will return to the Security Trust and Savings Bank in Los Angeles, which institution he left when he came to the local bank.

He has been here a year and during that time has made many friends who will regret his decision to resign his position here and return to Los Angeles.

Olsen has a splendid record as a banker, and has promoted two financial institutions in the county with success. He founded the La Habra Valley Bank at Brea and had an active part in the development of that city, disposing of a large percentage of the lots sold in the townsite. He also organized the bank at La Habra.

## SIERRA CLUB TO TAKE HIKE ON SADDLEBACK

May 24 and 25 Are Days Se-  
lected For Santiago  
Peak Outing

The Sierra Club of Southern California is making arrangements for an outing that will take club members to the top of Santiago Peak on the night of May 24. Probation Officer J. H. Scott of Santa Ana, who will be one of the committee on arrangements, said that it is probable that there will be twenty or twenty-five men and women from Los Angeles, Pasadena and other cities, and he hopes to get up a party of Orange county men and women to accompany the visitors. The entire party should number forty or fifty.

Scott has conferred with Forest Ranger J. B. Stephenson of El Toro concerning the trip, and Stephenson has offered his full co-operation. The ranger will get together enough horses and burros to carry the grub and bedding to the top of the peak.

It is proposed to start on the morning of May 24 and return home the next day. A campfire, at which singing and various stunts by members of the party will be features, is to be arranged.

## NEWS MEAGER OF TUSCANIA LOSS NOW OVER TWO DAYS PAST

(CONTINUED FROM PAGE 11)  
ment is understood to have received its first word from General Pershing between 4 and 5 o'clock.

Secretary Baker justified delay in the announcement on the ground that he had not received confirmation of the attack from Navy Department officials abroad. Confirmation had been received in diplomatic quarters here, however, by 5 o'clock that afternoon.

SENIOR OFFICER  
REPORTED SAFE  
AN IRISH PORT, Feb. 8.—Major Wade, senior American military officer aboard the torpedoed Tuscania, was saved, it was learned here today.

## MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a  
Mustard Plaster Without  
the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).  
30c and 60c jars; hospital size \$2.50.

**MUSTEROLE**  
WILL NOT BLISTER

## REWARD MONEY INVESTED IN WAR THRIFT STAMPS

Lanier Davis of McKinley  
School Increases War Cer-  
tificate Holdings

With only little over a month of the year 1918 passed into history, Lanier Davis, of McKinley school, has purchased over half the sum of thrift stamps upon which the quota is based—\$20 for every man, woman and child in the city. He has purchased close to \$11 worth already, and \$2.50 he invested yesterday came to him in a most unexpected manner and as a reward for his honesty. A few days since while in a local store he picked up a diamond stick pin which some one had lost. That evening the lost article was advertised in the Register and the little fellow quickly hunted up the owner, Mr. Miller, living in an apartment in the city. Mr. Miller showed his appreciation of the little man's honesty by giving him \$2.50.

With a broad smile on his face and his eyes sparkling with delight at the fact that he could further add to the fund he is loaning the Government with which to assist in whipping the Germans, yesterday he approached Miss Mary Andrews, principal of McKinley school, and told her that he wanted stamps to the amount of the two big shining dollars and half dollar he held in his hand. He got the stamps. He is a son of Mr. and Mrs. A. M. Davis.

McKinley today is leading all the grammar schools of the city, except Intermediate, in the total of stamps sold. The total is \$433.50.

The total for all the schools is \$3211.77, with the high school heading the list and Intermediate following a close second.

The school children of the city are not maintaining the high daily average of sales of a week or so ago, and are going backward instead of forward.

## EL MODENAS TO VIEW HARBOR AT NEWPORT

Special Invitation Given For  
Day of Inspection of  
Improvements

EL MODENA, Feb. 8.—One hundred people of the El Modena district are expecting to take advantage of the invitation extended to them through Lew Wallace, acting for the people of Newport Beach, to visit the new jetty and inspect the harbor prospects of the beach city.

It is believed that this invitation, the first of its kind to be given in the county, is a well defined plan on the part of the Newport Beach residents to get the people of the county interested in the work that is being done at the harbor, and to boost for the proposed bond issue.

The El Modena people are planning to make the trip to the harbor next Monday. Both men and women are invited, and all those who go will start from the El Modena post office at 9:30. They will go in private machines, and will take their lunches with them, making the day a pleasant picnic as well as an educational trip of inspection. In the invitation from Wallace it was stated that the beach citizens would furnish coffee, and would provide a trip of inspection about the bay and out to the jetty.

## CAL. RICE GROWERS TO GET PRICE RAISE

SAN FRANCISCO, Feb. 8.—Through a voluntary agreement with the United States food administration for California, rice millers of this state will pay growers four cents per pound for paddy rice, it was announced officially yesterday, following a conference between the millers and food administration officials.

This marks an increase of about one-half cent a pound over previous offers, it was said, the new price being approximately that demanded by the growers.

On the basis of four cents to the grower the mills will be able to turn out rice to the wholesaler for seven cents, thence to the retailer at eight cents and to the consumer for ten cents per pound, it was announced.

## MINIMUM PRICE FOR ELECTRIC LINE FIXED

SAN FRANCISCO, Feb. 8.—One and three-quarters of a million dollars is the minimum price at which the Northern Electric's railroad's Sacramento Valley lines can be sold, according to a ruling by Federal Judge M. T. Dooley. The decision was made as part of the Northern Electric receivership proceedings.

## INSECURE MONEY HINT MADE BY SEC. M'ADOO

WASHINGTON, Feb. 8.—The warning that if the war lasted long enough the government might have to issue some form of money with no gold reserve back of it, was given to the senate finance committee by Secretary McAdoo today. McAdoo said, however, the proposed \$500,000,000 government corporation would forestall such a course.

## For Spring '18 Styleplus Clothes Will Be Made in Two Grades \$21.00 Green Label \$25.00 Red Label

The Styleplus plan is to concentrate a great manufacturing volume on clothes of definite grades and prices. This policy of concentration is a quality builder and goes far toward making each Styleplus grade the greatest possible value at the price.

We will still sell Styleplus clothes \$17 at the old price as long as our supply of this grade lasts. The values on hand are wonderful in comparison to new lines.

—Large stock of Serges, Worsteds, etc., on hand—get yours while they last.

Santa Ana, Cal., Feb. 2, 1918.  
A. F. Isaacson, 203 W. H. Spurgeon Bldg., Santa Ana, Calif.

Dear Sir:—In reply to your inquiry will say that I am very much pleased with my investment in Palo Verde Valley. From the following you can readily see why I should be satisfied.

When I was in Kansas last fall I sold one of my farms which had been bringing me an annual cash rental of \$2000. Out of this amount I had to pay taxes and up-keep. I have in the half section of Palo Verde Land which I bought through you about \$10,000 less money invested than I had in the Kansas farm. My Palo Verde land is bringing me \$7200 cash rent per year. Deducting a liberal amount for taxes and water assessments my net income will be \$6000 per year from this investment; or just three times the gross income from the Kansas investment. The rent from the Palo Verde land is more than 14 per cent on the investment per annum.

I fully expect my Palo Verde holdings to double in value during the next five years; while the Kansas farm sold for a price which was all that I could have expected from it for years to come.

I can very conscientiously recommend Palo Verde land as a safe and very profitable investment.

Yours very truly,  
ALFRED HAWKINSON.

See me about Palo Verde Land at once.

A. F. ISAACSON.

## HOOVER LUNCHEON

Economics Section Enjoys  
Meal, Pays Visit to Excel-  
sior and Raitt Dairy

Another one of those attractive but inexpensive menus provided for the Second Household Economics class of the Ebell was served the members of that club yesterday at the cosy apartments of Mrs. J. P. Hatzfeld on South Sycamore street. The meal costs \$3 and serves twenty-seven people.

The luncheon was served at one o'clock buffet style, the table being decorated with a cluster of dainty quince blooms.

The hostesses were Meses. Hatzfeld, O. K. Forgy and S. E. Babson, and the menu included creamed tuna, lettuce salad, Thousand Island dressing, hot rolls, coffee and Banbury tarts.

The subject for the meeting was "Laws pertaining to Milk in California," and Dr. J. I. Clark, city health officer, was the speaker, talking instructively and entertainingly along these lines. Following his address the ladies paid a visit to the Excelisior plant, where they saw milk pasteurized and butter made and later saw how things were done at Raitt's dairy, where they were delighted to find a model dairy with everything scrupulously neat and clean.

The class expects to visit all the dairies in the city in the near future.

## CELEBRATES BIRTHDAY

Woman's Club Was Eighteen  
Years Old Yesterday,  
Event Happy One

The eighteenth anniversary of the Woman's Club was the inspiration for a delightful luncheon yesterday afternoon at the spacious home of Mrs. C. F. Crose, 301 Cypress avenue.

The rooms were made attractive with spring blossoms and greenery and the luncheon was served a la cafeteria from the dining room table which was centered with a low bowl of heliotrope and white roses, the club colors.

Appropriate remarks by Mrs. Elizabeth Mill, the club mother, apropos of the club's natal day, preceded the cutting of the beautifully decorated birthday cake.

Stories of wit and humor were contributed by every one present. Mrs. Henry Diers told of the meaning of a pack of cards as told by a soldier and Mrs. Nina Crose gave the laughable story of "Impossible Angela."

The sweetly sung vocal solos by the hostess and her sister-in-law, Mrs. William Crose, proved inspiring.

The club voted thanks to Mrs. Crose for the opening of her home and to the refreshment committee for the delicious economically planned and daintily served luncheon.

Conversation, knitting and embroidery were pleasant features of the enjoyable afternoon.

Modart Corset.

Every type of figure is taken care of and there is plenty opportunity for individual choice.

## KEEP TRYING

Keep trying, keep trying, that's the game!  
Maybe some day they'll shout your name;  
What if they don't, you've done your share—  
Get in your place—keep fighting there.

Keep trying, keep trying, that's the game!  
Maybe some day you'll reach great fame;  
What if you don't, it's trying that counts—  
No one on top got there at a bounce.

Keep trying, keep trying, that's the game!  
It's the fellow who quits gets all the shame;  
Stiffen your sinews, take a deep breath—  
Struggle for honor which never knows death.

Keep trying, keep trying, that's the game!  
The weak and cowardly are easy to tame;  
But the man with a will who has courage to stand  
The world is now ready for him to command.

—By Leonard G. Nattkemper.

## CLUB PATRIOTIC

West End Thimble Members  
Sew For Red Cross, Serve  
No Refreshments

The West Side Thimble Club met Thursday afternoon with Mrs. Fannie Greenleaf, 2124 Greenleaf street. The home was decorated with lovely roses from the home garden.

Instead of the usual fancy work the ladies each took thimble and needle and spent the afternoon sewing on garments for the Red Cross.

To further show their patriotism they have voted to discontinue the service of the usual dainty refreshments.

Those enjoying the meeting were Meses. M. Nisson, John Bruns, C. S. Millen, J. L. Stephenson, Nellie Young, Walter Fine, M. W. Taylor, Steer Greenleaf, N. H. Leonard, E. A. Noel, J. A. Smalley and David Meyer.

## Canadian Picnic

The Canadian picnic will be held in Dixy Park, Long Beach, Saturday, February 9. It will be a basket picnic. Wear a badge and get free coffee. Big entertainment in the auditorium in the afternoon.

## To Hold Mexican Social

The Epworth League of the First M. E. church will hold a Mexican social this evening in the church basement at 7:30 p. m. The price of admission will be some article of clothing for the Plaza bag. Members of the Mexican Epworth League are cordially invited. Special music by Amelia Mendoza.

## Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

## CLUB HAS PLAY

Spanish Students at Poly High  
Enjoy Third Meeting of  
Year Last Evening

A very pleasant and well attended meeting of the Spanish club was held in Room No. 8 at the high school last evening with about thirty members present. This was the third meeting of the school year.

The feature of the evening was a clever little play entitled "Un Joven Medico Infortunado." It was the story of a young doctor, who had opened an office and waited in vain for patients until a male client arrives with his ailment. The doctor diagnoses his case fluently and tells him that all he needs is exercise and then more exercise and in spite of the patient's attempts to explain, he prescribes miles of walks and then makes a fat charge for his advice, when the suffering patron at last explains that he is a mail carrier.

The next patient is a woman and he thinks he can get along better with her. She explains that she is nervous, can't eat and can't smile and has no taste for anything, when the doctor prescribes diversions for her and insists that she go often to hear the famous comedian, Madame Duque, when the patient announces that she is Madame Duque herself. The doctor in despair quickly shows her out, telling her that her case has no remedy.

Prof. Chamberlain and his orchestra were present and discoursed lively music and various games were played during the evening and before the members departed they were served with hot chocolate and wafers by an efficient committee.

## INTERMEDIATE PARTY

Section I, Graduating Class,  
Gathers at Stumpf Home,  
Enjoys Evening

Section I of the graduating class of Intermediate celebrated its last grammar school gathering at the home of Mrs. Gus Stumpf, 824 North Ross street, on last Tuesday evening. Mrs. Stumpf is the class mother of Section I and she proved herself a past mistress in the art of entertainment.

Every one of the thirty scholars was there and every one of them declared that they had had the time of their young lives.

Mrs. Stumpf was assisted by Mrs. J. E. Snow who had previously arranged for the party. The evening was a success and much merriment ensued as the destinies of the future presidents and presidentesses were revealed. The fortunes were arranged in the shape of tiny rolls of paper, to each one of which an appropriate favor was attached and hidden in a bowl of sawdust on which the rolls were placed. In the center was a flag, so that the whole arrangement represented a miniature fort with cannon pointing in its direction.

The good old-fashioned games, such as "Wink 'em" and "Spin the Platter," made the evening one of hilarity and good, wholesome fun, and the enjoyment was complete when pink ice cream and cake were served, luxurious both in quantity and quality.

Before going home the guests loudly proclaimed their lightness of spirits in songs, ending with "Home Sweet Home" in word and action. Every one of them will remember this as one of the happiest times of their intermediate school days.

## Welcomed to High School

The intermediate graduates of the February class, who will enter high school at the beginning of the second semester next Monday were given a most cordial reception yesterday afternoon by the teachers and pupils at Poly High and today the Freshmen understand exactly what they are to do to begin their new work smoothly and without embarrassment.

About fifty of the new students arrived on time yesterday and gathered in the big auditorium, where the principal, Prof. D. K. Hammond, talked to them about the studies, the buildings and gave them general directions as to their work.

## S. M. HILL.

## TO THE TRADE:

Through a misunderstanding regarding  
food regulations we recently cut our sale of  
Flour down to 5 pounds per person as it was  
our desire to conform to the government's  
wishes.

We now find that we are permitted to sell  
Flour as before, namely, in 24-lb., 48-lb., or  
96-lb. quantities according to the consumer's  
capacity and location.

We are required, however, to sell an equal  
amount of substitutes and where potatoes  
are used as a substitute we are required to  
sell two pounds for one pound of flour.

in the office, told of the various things  
necessary to know outside of studies,  
in regard to deportment, absence and  
tardy slips and the signing of other  
blanks.

Guides were then in waiting and the  
students were taken through the vari-  
ous buildings, visiting classes and after-  
wards changing their programs if  
they cared to.

A "homey" little reception was then  
held in the cosy bungalow apartments  
in the domestic science building, which  
was made even more attractive with  
cut flowers and all were served with  
dainty refreshments.

## NURSES ELECT

Miss Irene Miller New Head  
of Alumnae Association,  
Pleasant Meeting

The regular meeting of the Nurses  
Alumnae was held yesterday after-  
noon at the Santa Ana Hospital with  
a goodly attendance.

The annual election of officers re-  
sulted as follows: President, Miss  
Irene Miller; vice president, Miss  
Grace Johnson; treasurer, Miss Anna  
Liebmann; secretary, Mrs. Ray-  
mond Ross.

After the business meeting, a pleas-  
ant social hour was enjoyed, with  
Victrola music, social chat and Red  
Cross knitting.

The committee served the members  
with delicious coffee and fancy cakes,  
Valentine napkins being a feature of  
the attractively appointed trays.

Those present were Misses Kath-  
erine Rutherford, Mrs. J. H. Brooks, Mrs.  
Raymond Ross, Miss Taylor, Miss  
Sturdevant, Mrs. George Barrett, Miss  
Johnson, Miss Miller, Miss Spahr,  
Miss Walkinslaw, Miss Morse, Miss  
Somers, Miss Hildreth and Miss  
Smith.

Pleasant Altar Society Meeting  
Mrs. J. A. Maag, Sr., of Fairhaven  
avenue, was the genial hostess to the  
Altar Society and ladies of the con-  
gregation of St. Joseph's Catholic  
church yesterday afternoon at her  
beautiful country home. She was ably  
assisted by her daughter, Miss Mary  
Maag.

Beautiful poinsettias were used in one  
parlor, velvety marigolds in the other,  
while in the dining room sweet-scented  
violets made attractive decoration.

The ladies enjoyed themselves with  
social chat, Red Cross knitting and  
sewing carpet rags, several large or-  
ders having been received for rugs.

Several strangers and visitors were  
welcomed and the pastor, Rev. Father  
H. Emmelen, was an honored guest.  
At the close of the afternoon deli-  
cious refreshments of sandwiches, cof-  
fee and cake were abundantly served.  
About twenty-five were present to en-  
joy the pleasant afternoon.

Delightful Miscellaneous Shower  
Many clever innovations were intro-  
duced last evening by Misses Elizabeth  
and Agnes Rudolph when they gave  
a delightful miscellaneous shower for  
Miss Katherine Oelke of Orange, who  
will soon become the bride of Herman  
H. Hammer of Fullerton.

The Rudolph home on Garfield street  
was a symphony in blue and during  
the evening silhouettes were enjoyed,  
the guests making pictures of the  
bride-elect at her various household  
duties.

Music and conversation were enjoyed  
and a feature was the various old-  
fashioned wedding pictures displayed  
upon the piano, which caused much  
comment as to the changes in styles  
from those of past years.

When the dainty refreshments were  
served, articles fastened upon the  
chair of the honoree represented each  
day of the week and upon the con-  
clusion of the feast, a tray loaded  
with handsome gifts was presented to  
her and thoroughly appreciated. Cov-  
ers were laid for fifteen.

Dainty streamers of pale blue ex-  
tended from the electrolator above the  
table and moored to the cloth with  
sprays of waxen orange blossoms,

while a softened glow was thrown over  
the lively scene by a cluster of candel-  
abra in the center of the festal  
board.

Red Cross Benefit  
At the business meeting of the Frater-  
nal Brotherhood last night, it was  
decided to give a Red Cross benefit  
on next Thursday evening. It will be  
an open meeting and there will be a  
good program, dancing and refresh-  
ments. Tickets can be obtained from  
any of the members or at the door on  
Thursday evening.

A pleasant social time concluded  
last night's meeting.

CAVALRYMAN HERE TO  
STUDY FOR ARMY EXES

L. W. Brent, musician in the Seventh  
Cavalry Band, who has been station-  
ed at El Paso, Texas, is at the Ross-  
more, where he will spend some time  
in preparation for entrance examina-  
tions to West Point.

According to the plan of the army  
at present, the Government is select-  
ing men from the ranks, allowing  
them three to prepare for the examina-  
tion and then sending them to West  
Point for a year's training, after which  
they will be graduated as second lieutenants.

Brent was a member of the Seventh  
Cavalry, which is General Custer's old  
troop, and he reports that they have  
been having some interesting times  
recently at El Paso.

Strayed—A dapple grey horse,  
weight about 1400 pounds. Finder  
please notify H. L. Shaffer, Tustin.

## Orange County Business Colleg

# FARMERS URGING COMMITTEE TO BOOST CROPS

Need Organization With Power to Finance Increased in Production

WASHINGTON, Feb. 6.—American farmers, facing the danger of a short crop this year and the gruesome spectacle of a national food shortage, are demanding that the government take necessary steps to prevent the catastrophe.

Over two million farmers, represented at the gathering of the Federal Board of Farm Organizations here today, are demanding the creation of a national emergency crop committee, with sufficient power and financial appropriation to aid them in raising this year's crops.

Representatives of seven national farm organizations comprising the

Federal Board of Farm Organization, are planning to go before President Wilson to plead for the institution of a national farm program that will assure a supply of farm labor and great financial aid to the farmers to meet the emergency.

With over two million mechanics and laborers taken from the farms, since America entered the war, and facing danger of a crop shortage this year, the farmers painted a gloomy picture today, declaring immediate government action is imperative. Not only will the food supply be short, should the necessary aid to the farmers be lacking, but shipments of food to the allies may be endangered, farmers declared today.

"Unless sufficient government action is taken, the country will face the greatest food shortage ever," they said. "Labor has drifted to the industrial centers to obtain higher wages. Farm machinery is scarce. The seed supply is greatly diminished and farmers are overburdened financially."

They declared that "even if the constitution must be ripped to pieces, the government must adopt a policy that will prevent the danger of a crop shortage by distributing money, labor and supplies to the farmer. The hands of the food administration and the Department of Agriculture are tied as power to aid the farmers materially has not been granted them by Congress."

Higher prices of food are threatened should there be a crop shortage this year, it was said. Price fixing is not favored. The farmer's only demand is that the government allow them a sufficient profit.

With the wheat production in France fifty per cent normal the necessity of shipping more wheat abroad is fully realized by the American farmers, who patriotically wish to raise more than a normal American crop.

Farm organizations will demand representation among various government bodies engaged in war work.

## LEON GARLAND, NOW IN NAVY, VISITS MOTHER

Leon V. Garland and wife arrived in town yesterday for a visit to Mr. Garland's mother, Mrs. Sarah Garland, 318 West Eighteenth street.

Mr. Garland left Santa Ana in 1909 and enlisted in the navy as an electrician for four years. After he left the service he has worked as an electrician throughout the San Francisco Bay region. Lately he worked for the S. C. Company at Richmond, Cal. He is now a first class electrician in the naval reserve force.

Fuller brushes for every need. Mrs. Cheney, Phone 1382-J.

# BREST. LITOVSK CHANGES DUE TO GERMANY

Negotiations Resumed With Kuehlmann Insisting on Teuton Terms, Report

BY JOSEPH SHAPLEN (United Press Staff Correspondent)

PETROGRAD, Feb. 6. (Delayed).—Increasing German internal disaffection is responsible for the change in tone of the Russian delegates at the Brest Litovsk peace conferences. Hope is daily strengthening the Russians. There is no retreat from their original position and they may demand that the central powers apply the Russian formula of peace without annexations to the western front.

Brest Litovsk conferees wired that the negotiations had been resumed, with German Foreign Minister von Kuehlmann insisting on German terms, but with a softened tone. They declared there could be nothing more dangerous than a compromise. Just as the Russians have burned their internal bridges behind them, just so much they resist each concession demanded of the Russian revolution, the delegates said. The Russian conferees must firmly declare that they will agree to a separate peace only if no other is possible, but only then if such a peace is based on no annexations and the policy of self determination, according to their present attitude. There will be that kind of a peace, or no peace, they assert.

The Znamia Trade, organ of the social revolutionaries of the Left, said today that the Germans would hardly dare break off negotiations now and "we must continue our policy of deepening the German revolution."

Referring to Foreign Minister Trotsky's reference in his exclusive interview with the United Press to an elastic policy, the Novyazishin (news paper) asked whether Russia should permit German annexations in the west, even if they were rejected in the east. The Bolshevik reply to this, that if the Germans are able to annex territory on the western front it is the allies' fault, as they failed to join the Brest Litovsk conferences.

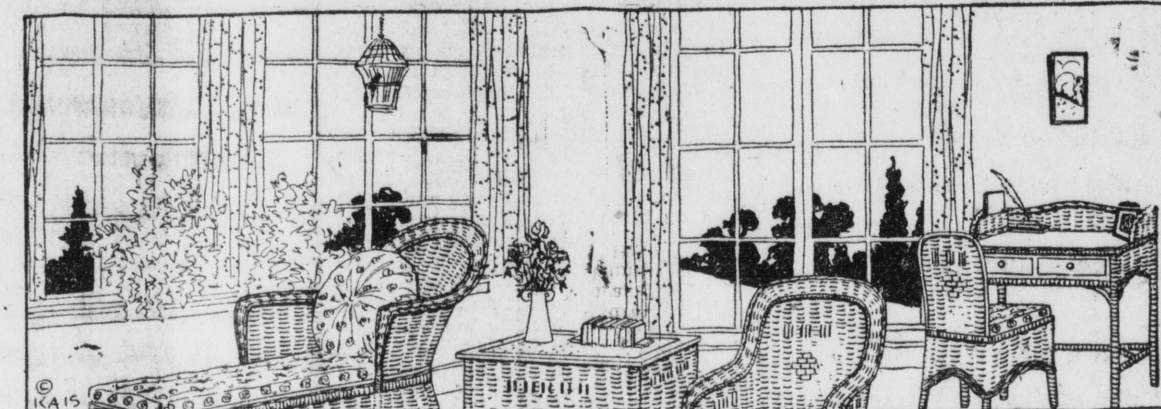

# Good Home Furnishings Are Cheapest in the End

Simply because some of the articles you have seen and desired were priced a little higher than you expected—don't think that you cannot afford them.

The difference between furnishings of quality and the kind that is made to "sell at a price" represents the lack of one or more of these essentials: Material, workmanship or finish. The money you invest in house furnishings that combine all these qualities is money wisely expended. Every article on our floors conforms to certain ideals, either in design, material, workmanship or finish. If it were of sub-standard quality, we wouldn't show it at all. As you go about selecting furnishings for your home do not overlook the importance of choosing with the view to quality, because the best is cheapest in the end.

In Response to the Demand for Furniture That Gives the Utmost of Homey Coziness We Have Put In a

## RECRUITS NEEDED AT EXEMPTION BOARD OFFICE TOMORROW

Classification Work to Be Done By Volunteer Labor Has Accumulated Again

The Exemption Board in District Number One needs volunteers. Not for army service, but for clerical work in the office at 628 North Main street. A large mass of detail work is accumulating and the only way the board has of getting this cleared away is to have volunteers to assist in the classification, etc. Chief Clerk G. J. Overshiner states that the people of the district have been very prompt in volunteering their services, and that the work is progressing rapidly, but that a large force could be used for a half day Saturday forenoon. Anyone with some clerical experience or ability is fitted for this work, and is asked to report at the headquarters of the board.

Classifications have been made as follows:  
Class 1.—C. B. Perry, A. M. Willey.  
Class 2.—C. H. Shannon.  
Class 3.—D. N. Curtis, W. J. Eaton.

## COME TOMORROW

and tomorrow night and get your share of the many good things we have for you. Just a few ladies, misses' and children's Coats left, but,

## My Such Bargains!

See 'em! Buy Sweaters, Furs, Auto Caps, Toques, Men's Hats and Caps and lots of other things at cut prices. And remember—

## OUR BIG STOCK OF SHOES

is for all the family and every pair cut in price.

Taylor's Cash Store Opera House Block. Santa Ana.

## TYPEWRITERS

You can have your typewriter fixed right at

## Sam Stein's

by the Typewriter Inspection Company's inspector. Reliable work done at fair prices. Machines for sale or rent. Supplies

## TYPEWRITERS

F. L. Garcia, Harry Green, R. Soto. Class 5.—R. R. Brown, B. Camarrillo, P. Deny, C. Garcia, R. Legaspe, L. H. Robinson, S. J. Sharp, W. L. Snyder, J. V. Watts.

A special physical examination was given yesterday for Frank A. Jassen as he was leaving the city. He was passed as physically fit.

The following cases have been transferred for physical examination elsewhere:  
W. H. Fowler to Salt Lake, Utah.  
Clarence Nelson to Collinsville, Okla.

Hulin F. Butler, to Hugo, Okla. The case of Vesta Warner has been transferred to Murray, Utah, for both classification and physical examination.

## ANOTHER LIST GOES TO THE APPEAL BOARD

FULLERTON, Feb. 8.—The local exemption board has forwarded lists to the district board for hearing on industrial or agricultural grounds, as follows:

Ernest F. Robinson, Los Angeles; Johann Jager, Fullerton; Adam Herzog, Anaheim; Clement J. McDonnell, Montebello; Thomas E. Anderson, Los Angeles; Walter C. Aten, Hynes; Mart V. Hayes, Anaheim; William F. Burkett, Jr., Brea; Henry Boisseranc, Buena Park; Edward N. Bond, La Habra; William E. Rees, Brea; Earl E. Cammack, Los Angeles; Lorin T. Chapman, Los Alamitos; Clyde C. Kelly, La Habra; Gabriel Rossegue, San Francisco; Clifford Lynn Webber, Yorba Linda; Ralph A. Ross, Buena Park; Oscar Bruskey, Garden Grove; Gilbert Kraemer, Placentia; Charles T. Carroll, Anaheim; Dana Burks, Jr., Venice; Forrest B. Callan, Fullerton.

Questionnaires addressed to the following are returned as "uncalled for":  
Luis E. Flores, Huntington Beach; Juan Espinosa, La Habra; Cayetano Garcia, Buena Park; Saferino Zabala, Talbert; Ygnacio Arebalo, Santa Ana; Juan Luzana, Riverside; E. Ballestro, Talbert; T. Toledo, Talbert.

## AT THE COURT HOUSE

## SALVESON SUING TO SECURE JUDGMENT AGAINST COLLECTOR

S. A. Salvesson has brought suit against Ida Teale. The complaint, filed by a Bakersfield attorney, states that the defendant collected \$2258.12 for him as his agent, and it is for that amount that suit is brought.

To Quiet Title  
Suit to quiet title to property at Orange has been brought by Martin Kressen against Charles G. Kressen, administrator of the estate of Mary E. Kressen.

Final Decree Given  
Yesterday a final decree of divorce was given Alice Shampang against Murray R. Shampang.  
Inheritance Tax  
State Inheritance Tax Appraiser J. N. Anderson has filed a statement showing the inheritance tax in the estate of C. F. Crose to be \$479.78.

## COUNTY BEEKEEPERS TO HOLD A MEETING

The Orange County Beekeepers' Club will hold a meeting tomorrow afternoon at 2 o'clock at the Board of Supervisors' room at the court house.

Hotel Rochester, Orange, open Sunday. Big chicken dinner 50c. Home cooking.

## Chicago Market

We stand behind every sale we make and protect you against loss or disappointment.

## BEEF

Brisket Boil . . . . . 12 1/2c  
Plate Boil . . . . . 15c  
Boneless Rolled Roast . . . . . 17 1/2c

Plenty of choice Veal and Lamb.

We carry a full line of Smoked and Salt Meats and our prices are worth while.

Our supply of Fresh Fish is received daily and is extra nice.

Poultry and Rabbits for your Sunday meal.

## FRESH FRUITS AND VEGETABLES

We have just installed a complete line of Fresh Vegetables and other produce. Handled in the most sanitary way. We aim to please.

Potatoes, 12 lbs. . . . . 25c

Kraut, Dill Pickles and other Relishes.

Salt Salmon and Mackerel.

SANTA ANA, CALIFORNIA, FRIDAY EVENING, FEBRUARY 8, 1918.

## RED CROSS WILL REMAIN IN THE ARMORY, THAT IS DECIDED

Excellent Work of Chapter  
Means Packed Boxes Go  
Through to France

### COMMITTEE TO WORK WITH THE MEXICANS

Meeting of Executive Com-  
mittee Settles Head-  
quarters Question

The Armory will be retained as Red Cross headquarters. That was decided at a meeting of the executive committee of Santa Ana chapter yesterday afternoon. This decision means that a number of changes in arrangements at headquarters will be made and the headquarters situation will settle down to work upon a permanent basis so far as location is concerned. It is not at all probable that headquarters will be changed until the end of the war calls for a cessation of Red Cross war activities.

Other locations were considered at yesterday's meeting, but it was the unanimous vote of the members of the executive committee present that the present location be retained. A. C. Black, secretary of the Santa Ana Armory Association, presented the written offer of the association to allow the Red Cross to continue the use of the building for a monthly rental of \$65, which will be reduced by a payment of \$15 a month from the state for the storage of state guardsmen's property. The chairman, T. E. Stephenson, said that through J. W. Tubbs a suggestion had come by which an appropriation might be secured from the city.

The proposal of the Santa Ana Chamber of Commerce that the state be requested to continue the rental of the building as a Red Cross measure was presented by J. C. Metzger. He proposed the sending of wires to Governor Stephens and Adjutant General Boree urging that the state continue the occupancy of the building. It was the decision of the executive committee that these wires be sent. Black stated that he had informed the adjutant general that the building was in use by the Red Cross, but the order for storage came.

**Permits Committee**  
It was stated by the chairman that a definite method of issuing permits for giving entertainments or other affairs for raising money for the Red Cross should be adopted. The rules of the Red Cross require that any person desiring to start a benefit affair must first get a permit from the local chapter. Mrs. Jeannette Magill, Dr. John Wehrly, the secretary, and the chairman were appointed as a committee to work out the best method of issuing permits. That committee will at once prepare a book of blank permits, and will determine by whose authority a permit shall be given. The proposal of the chairman was that the permit be left at the Armory, where any person desirous of knowing whether or not a permit had been issued would have access to it.

**Among the Mexicans**  
Mrs. Magill said that some good work could be done among the Mexicans by the Red Cross. This work would not be so much in the way of relief as it would be in giving them a better understanding of the war.

"There have been stories among them that Mexicans are to be sent to be killed and that they are not to be given proper attention in the army," said Mrs. Magill, "and, not knowing that Mexican-born men could not be drafted, many have returned to Mexi-

co. Mrs. Victor Montgomery is willing to undertake the management of the work among the Mexicans, and Mrs. Rodriguez will assist."

The plan met with the unqualified approval of the executive committee, and Mrs. Montgomery was given full authority to proceed with the plans.

**Cast-off Garments**  
Mrs. C. A. Gustlin said that she believed a good deal of good work could be done through the local chapter in gathering cast-off garments that could be sent to Europe through some other agency than the Red Cross, which has certain standards and patterns of garments. The chairman is to confer with the president of the French Red Cross in Los Angeles, and determine just what can be done along the line suggested.

It was decided that the offer of the Whittier Minstrels to come here and put on a minstrel show on a fifty-fifty basis would not be accepted. The only way in which the show could be made to pay would be for a large amount of work to be done by local committees, whose services are of more value right now in sewing and knitting.

**Of High Quality**  
The high quality of work being done by the women of the Santa Ana chapter has been described in one letter from headquarters as "unusually excellent." Every shipment has proven acceptable to San Francisco headquarters, and letters of praise have been frequent.

Yesterday Mrs. C. A. Gustlin, chairman of the garments committee, and Dr. Perry Magill, head of the surgical dressings committee, said that they had received letters from San Francisco headquarters stating that the work of the Santa Ana chapter had been found so uniformly correct and satisfactory that it will be shipped to France without re-packing. The only provision that must be carried out to meet the straight-to-France plan is that each box be made up of only one article. For instance, today a box with 400 pairs of socks in it will be shipped. That box will not be opened until it arrives at some Red Cross headquarters in France.

No greater tribute to the excellence of the chapter's output could be paid than was paid in the sending of the new instructions.

**Reports of Work**  
Monthly reports of shipments and work showed that January was a busy month at the work rooms of the Santa Ana chapter and of its auxiliaries. Seal Beach auxiliary reported the delivery of over 900 articles to the Santa Ana headquarters. Garden Grove's receipts were reported by Mrs. Violet as \$343. Laguna Beach reported fourteen new members.

Fred Rafferty reported that there is now over \$7000 in the Red Cross account, of which over \$2000 must be sent to Washington, D. C.

Fred Rafferty, J. S. Perry and T. E. Stephenson were elected delegates of the Red Cross to the conference upon the advisability of organizing a central war fund council in Santa Ana.

### Father Helping All He Can

"Two of my sons are in the war. I am doing all I can to help my country, as well as May's Wonderful Remedy, which I can thank for my present good health. I suffered five years with most serious stomach trouble and bloating. Am recommending it to all sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. All druggists.—Adv.

### WEBBER WILL ADDRESS YORBA LINDA BUREAU

YORBA LINDA, Feb. 8.—A meeting conducted under the auspices of the Yorba Linda branch of the Farm Bureau will be held in Ley hall, February 9, at 8 p. m. Dr. Webber will be the speaker of the evening and a very interesting talk on citrus culture, with an opportunity to get expert advice and answers to all puzzling questions is assured. Dr. Webber will spend the day inspecting orchards of this district, so will be fully cognizant of the troubles growers have to cope with in this valley. Everybody is invited.

## TESTIFY TO LOSS ANNUALLY IN GROWING BEETS

San Fernando Valley Grow-  
ers Before Commission In  
L. A. Yesterday

Beet growers in this vicinity are scheduled to appear before the beet sugar investigation commission in Los Angeles tomorrow.

Yesterday's session of the commission was devoted to the development of conditions and production costs in the San Fernando valley.

W. A. Patterson of Van Nuys surprised the Sugar Beet Commission in session at Los Angeles yesterday afternoon when he testified that, after growing beets for fifteen years, he finds himself in debt to the sugar company that has been buying his crops. He declared that he quit farming five years ago, and did grading and threshing for two years in order to earn money with which to go back into the beet business. And at that Capt. John D. Fredericks, representing the Los Alamitos Sugar Company, remarked:

"Hope springs eternal in the human breast."

Yesterday's hearing was confined to testimony from the San Fernando valley ranchers. Today the Chino beet men will have their inning, and tomorrow the Santa Ana ranchers will be heard. The commission will try to close up the investigation this week in order to go to Visalia early next week.

Mr. Patterson is planting 450 acres of beets this year. He testified that in 1917 his beets ran about six tons per acre. For a few years he farmed beets in Ventura county, where he got from four to eight tons to the acre. In Orange county he harvested fifteen tons to the acre, then got an eight-ton crop, and the next year he got no crop at all. His opinion is that in a period of ten years just past the beet growers in Southern California have done well, and that the beet growers have not prospered.

**His Figures**  
Evidence purporting to show that the beet growers are not receiving enough for their crops was brought out when Mr. Patterson submitted figures showing that it costs him approximately \$67.50 to grow an acre of beets. Chairman Cogswell interrupted the cross-examination long enough at that point to submit Federal Trade Commission reports showing that 10½ tons of 17½ per cent sugar test beets is the crop obtained from the average acre in Southern California. Figuring it on the basis of an 18 per cent sugar test, the grower getting \$7.50 per ton, and a certain amount for each point over a certain test, would receive \$90 over a certain test, would receive \$90 over a certain test. This price is said to be substantially that offered by the refiners for this year's beets. Deducting the share or cash rent paid for land, Chairman Cogswell showed that the grower is getting just what it costs him to grow the crop.

At that point one of the sugar company attorneys pointed out that the rancher makes a hand during the planting, tending and harvesting, and that if he merely breaks even he still has his living out of the price he receives for his crop. But a grower pointed out that the rancher works in the beets a limited number of days a year, and that the money he earns in that way will not pay even a small part of his expenses in the family.

Mr. Patterson made the point that unless it rains hard in the near future he will be obliged to irrigate his beets two or three times this year, in which case his production cost will jump another \$10.

C. B. Barkla of San Fernando Val-

ley testified that he harvested twenty tons in 1917. He says his expectation this year is for ten tons to the acre. He figures that the cost of production will be no less than \$70 per acre, to which one-third must be added for land rental. He expects to put in eighty acres of beets. His reason for believing that he will not get more than a ten-ton average this year is that the ground he will cultivate has not had the benefit of crop rotation.

**Without Profit**  
H. F. Lord of Marian admitted having grown 190 acres of beets without making money. He submitted the following production cost table, which, he says, he made out at the request of an Oxnard sugar factory representative:

Planting, \$4.50; preparing seed bed, \$3; planting, 65 cents; rolling, \$1.20; cultivating, \$3.25; replanting, 78 cents; thinning and hoeing, \$10; furrowing, \$1.60; irrigating twice, \$8; labor, \$3; seed, \$2.40; plowing out, \$4; topping and loading, \$9.50; hauling, \$7.50; supervision, \$2; taxes, \$8; interest on crop investment, \$1.20; tax on implements, \$1; interest on implement investment, \$1; depreciation, \$1; total, \$73.58. Adding to this the cost of land rental and supplementing it with a 10 per cent profit, which is what the growers are asking for, the total return from an acre on his ranch would have to be \$117.58. He says that in 1915 he got ten tons, in 1916 he got eleven tons and in 1917 ten tons to the acre. The sugar test ran from 10 to 16 per cent, the lowest test being the result of an early rain which diminished the sugar content of all beets unharvested at the time.

Quite a number of the growers say that they have in recent years been dividing their activities between beets and beans. They claim to have made money out of beans and express a preference for beans, because beans are air plants which take nothing in particular away from the soil and frequently store in it great quantities of nitrogen which builds it up. On the other hand, ground farmed to beets is in need of annual fertilization, which is costly, and even then the crop must be frequently rotated, else the soil will become depleted.

The San Fernando growers have

nearly all testified that from \$400 to \$450 is the value of their land for agricultural purposes. Ross Whitney, who testified yesterday, stated that he only grew twenty-five acres of beets on his own ranch last year, but that he owns more than 600 acres of San Fernando Valley land, a great deal of which he would not sell for \$750 per acre. He told the commission that the agricultural value of the beet land he cultivated was approximately \$400 per acre.

## YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick,  
Wavy, Glossy and Beautiful  
at Once

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.—Adv.

# Our Boys Will Never Falter

What was expected to happen has happened. Our boys have been torpedoed at sea. Bright-faced American boys have gone down. Our hearts are heavy with sorrow.

To the last minute we hoped this would not come. Our minds told us that this sad hour could scarcely be avoided. Our hearts protested and dared hope for a miracle.

There was no miracle. War has laid its terrible hand upon this nation. Anxious parents will daily, for months upon months perhaps, scan terrifying lists, with the question on their lips: "Is MY boy's name among them?"

This is war. But we must not think too much on the price we are forced to pay. We must think rather of the freedom we are buying, and pray that the struggle may be swift. Far from being disheartened, the nation will be tempered by this tragedy into a thing of *unyielding steel*. **NOW WE MUST GO ON TO VICTORY AND WE SHALL.**

The man or woman in Santa Ana who is not helping Our Boys in France by buying all the Thrift Stamps and Liberty Bonds they can possibly afford will have a heavy conscience today and feel a pang at heart.

VANDERMAST &amp; SON

## TUSTIN MERCANTILE COMPANY

flag was unfurled upon which nine stars appeared representing the nine young men who have gone from the families of the congregation to fight with other soldiers of their country for the freedom of the world from autocracy.

An invitation had been given to all the G. A. R. members in Santa Ana and Tustin to be present. The Tustin members met their comrades at the Tustin stage station and brought them out to the services and return. The church was filled to overflowing. Many friends of the boys were there.

The church was decorated with several handsome American flags, one cluster of lilacs being the only floral decorations.

Rev. W. S. McDougall opened the meeting as usual, the congregation joining in singing. "Keep the Home Fires Burning" was impressively sung by the choir.

The flag was unfurled by Rev. McDougall and the names of the young men were read, as follows: Charles Logan, Albert Pollard, Ross Shafer, Otto Thorman, George Smith, Victor Griset, Bryce Hatfield, Roy Morgan, and Lee Kenyon.

The pastor gave a patriotic address in keeping with the occasion, at the close of which the choir sang "America Triumphant."

Within the last few weeks many new faces have been seen in the congregation, which is an indication of the changes going on in Tustin. At communion service Sunday before last, fourteen new members were taken into the church.

### YOUNG PEOPLE'S S. S. CLASS ENTERTAINED

The Young People's Class of the Tustin Presbyterian church Sunday School were enjoyably entertained by one of the members, Leslie Talmage. Wednesday night, at the hospitable home of Mr. and Mrs. A. D. Turner. About twenty young people went out in automobiles.

Upon their arrival progressive games were started and became more and more interesting as the evening progressed.

Toothsome refreshments were much appreciated toward the close of the evening.

### MOTHERS HEARD TALK AT S. A. HIGH SCHOOL

Several Tustin mothers of High School students were deeply interested in the lecture given by Dr. Snyder, principal of Hollywood High School, on vocational training, at the Parent-Teacher meeting this week. A good many Tustin girls and boys would like to join classes in home economics for girls and electrical work for boys.

### CHANGES BEING MADE IN TUSTIN RESIDENCES

The Advent Christian parsonage is being enlarged in the rear with sleeping porch and bath room.

Walter Wray is moving his ranch house to a more desirable location on his ranch.

W. J. Saunby is improving his irrigation system by putting in additional pipe line.

### Killed by Poisons

All scientists agree that poisonous products in the blood are eliminated by the kidneys and liver. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the "Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water daily between meals to flush the kidneys. Then procure at your nearest drug store Anuric. This Anuric drives the uric acid out. Scientific men have learned that in gout, also rheumatism, poisonous uric acid crystals are deposited in or about the joints, in the muscles—where inflammation is set up.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Anuric is many times more potent than lithia and dissolves uric acid as hot water does sugar.

You can obtain a trial package of Anuric by writing Doctor V. M. Pierce, Buffalo, N. Y., enclosing 10 cents.

MARION J. LEISTER writes: "I want to say in reference to Anuric that I think it is wonderful. My back was so bad when I stopped a few minutes I could scarcely straighten up. I don't think it was more than two days after I began taking Anuric until I saw it was helping me. After using one package I was completely cured, that's saying a great deal for it, as I am over 60 years of age."

A great deal for it, as I am over 60 years of age.

### TWO CLASSES IN SURGICAL WORK HOLD MEETING EACH WEEK

Large Number of Dressings  
Being Supplied By Women  
at Red Cross Rooms

Two surgical dressings classes have been organized to meet in Tustin, both to meet at the special rooms prepared for the work, in the school house. The classes are held every Tuesday and Wednesday afternoon.

The Tuesday class will be in charge of Mrs. Deibel and Mrs. Daugherty, the Wednesday class in charge of Mrs. Beswick and Mrs. Arthur Lindsay, the hours in each to be from one to five.

The Tuesday class formerly met at the home of Mrs. W. J. Saunby, but in future the meetings will all be held at the school house.

There were twenty-three present on Wednesday afternoon and 255 head bandages made. Three hundred could easily have been made, but owing to a defect in the current of electricity, the iron used for pressing burned out and the work was hindered. Since the classes started, three weeks ago, 850 gauze dressings and 350 muslin bandages have been completed.

No personal invitation is required or expected to be given in this work. More workers are needed. Thirty can be accommodated at each class. Workers are required to come prepared with white, long-sleeved aprons and headpieces.

Mrs. W. L. Leiby and Mrs. E. E. Smith are in charge of the Red Cross sewing work in the school house sewing room every Monday from 10 a. m. to 5 p. m.

### LITERATURE SECTION HELD REGULAR MEET

The regular meeting of the Tustin Literature Section was held last Tuesday afternoon at the home of Mrs. A. G. Finley. The leaders in the subjects for study were Mrs. J. H. Martin and Mrs. J. P. Hight; Mrs. Martin giving a sketch of the life and works of David Graham Phillips; Mrs. Hight leading in a study of some of the writings of Eugene Field. Two poems by that author were recited by Miss Grace Hight. Accompanied by Mrs. James Willis Rice, Miss Hight sang "Little Boy Blue," written by Field, and two other songs, for the enjoyment of those present. Mrs. Rose Prescott, Miss Hight, Mrs. Rice and interesting babies were guests of the club.

At the close of the program, dainty refreshments were served by the hostess and a pleasant social time was enjoyed.

### TEACHERS ENTERTAIN BOYS IN S. S. CLASS

At the home of the teacher, Harry Hanson, in Santa Ana, Monday night, the Young Men's Class of the Tustin Advent Christian Sunday School were very enjoyably entertained in many ways which boys appreciate.

The ten boys present were hospitably entertained at supper and during the evening following, the boys listened to victrola music and played games in which the teacher joined as one of them.

The younger boys of the Sunday School were entertained by Rev. M. E. Ladien in the social rooms of the church with indoor games, one of the most enjoyable of which was "Tourist." Refreshments consisting of sandwiches, cocoa and cake were much enjoyed by the boys after the games.

### MISS SAUNBY VISITS AT HOME FROM CANADA

Miss Dora Saunby, daughter of Mr. and Mrs. W. J. Saunby, from Toronto, Canada, arrived in Tustin Monday night for a several weeks' visit at home. Miss Saunby is assistant superintendent of the Toronto Hospital for Tuberculosis.

W. H. AND F. M. TO MEET  
The members of the Woman's Home and Foreign Missionary Society will hold their regular meeting next Tuesday afternoon at the home of Mrs. J. H. Brown.

### TIRE, NERVOUS HOUSEWIFE TOOK VINOL

Now She Is Strong and Well.

Berkeley, Cal.—"I was nervous, irritable, no appetite, could not sleep, and was always tired, so my housework was a great effort. After many other medicines had failed Vinol built me up and made me strong. I have a good appetite and sleep well. Every nervous, weak, ailing woman should try it."—Mrs. N. Edwards, 2107 Dwight Way, Berkeley, Cal.

We ask every nervous, weak, run-down, ailing woman in this town to try this cod liver and iron tonic on our guarantee to return their money if it fails to help you. Tustin Drug Co., Tustin.

### VISIT SONS AT CAMP KEARNY LAST SUNDAY

Mr. and Mrs. E. C. Smith, accompanied by G. E. Hatfield and son, Olan Hatfield, visited San Diego and Camp Kearny last Sunday. They were joined at San Diego by Miss Avis Smith and at Camp Kearny by George Smith and Bryce Hatfield, for a day together.

### NEW GROCERY STORE TO OPEN IN TUSTIN

The vacant store of E. A. Ward & Company on the corner of Main and D streets is soon to be occupied by a grocery, which is to be conducted by Sam Hill of Santa Ana, who has four stores in that city.

### TUSTIN W. C. T. U. TO RAISE FUND FOR WAR SERVICE

The Tustin W. C. T. U. members are preparing to do their part in raising funds for patriotic war service activities. They expect to raise, at least \$500 in Tustin, every penny of which is to be used for war service.

The W. C. T. U. of Southern California has pledged itself to give 10,000 comfort bags, 1000 sweaters and other knitted articles, 25,000 bandages and hospital supplies, two field kitchens to provide warm food for soldiers coming out of the trenches, three ambulances, ten hospital fans, four stoves, omotographs, home centers and other relief measures for the army, in the training camps and in the trenches.

In a published list of women's organizations whose work received Government approval, the Red Cross was at the head, the Navy League second and the Women's Christian Temperance Union third.

### TUSTIN PERSONALS

Miss Ruby Burkett of Santa Paula, is visiting her sister, Mrs. J. C. Isbel. Miss Grace Hatfield, who is taking a nurse's course in Los Angeles, spent the day at home last Friday.

J. L. Hatfield is spending a month in San Francisco.

Dr. Lena Hatfield returned Tuesday from a visit to La Jolla.

Mr. and Mrs. Ted Campbell and Mr. and Mrs. J. J. Baistead of Alberta, Canada, who are spending the winter in California, were guests of Mr. and Mrs. Charles Lambert on Saturday.

Mrs. Dan Wallace of Coos Bay, Oregon, is a guest of Mrs. Richard Marshall.

George Marshall and daughter, Miss Bernice Marshall, of Denver, Colo., who are spending the winter in Los Angeles, returned to Los Angeles Tuesday after a ten days' visit to Mr. and Mrs. C. P. Marshall.

Mrs. Ed Lentz was a guest of her mother, Mrs. Cooper, on Thursday. Beginning Thursday, Mr. Lentz will be driver of the big white stage, running from Los Angeles to Anaheim.

Mrs. Joanna Crawford of Oklahoma City, who is stopping in Los Angeles, was a guest of Mrs. W. C. Crawford on Thursday.

Mrs. J. H. Bright and daughter, Miss Goldie Bright, of Oxnard, have been guests of Mrs. Bright's daughter, Mrs. Frank Arundell, for several days. Roy Johnson left Wednesday morning for a trip to Paso Robles with a party of eastern friends from Montpelier, N. D., who are visiting in Long Beach. The friends are looking over the country with a view of investing.

### ALL IOWANS ARE INVITED

A cordial invitation is extended to all who ever lived in Iowa to attend the great annual picnic reunion to be held in Lincoln (Eastlake) Park, all day, Friday, February 22. If rainy that date or just before it will be postponed to Saturday, March 2. All the usual attractions will be offered. County register and headquarters all day, basket picnic dinners at noon, program at 2 o'clock, college reunions at 3.

Make your plans to attend as there will be many visitors from the old home state. Do not fail to carry a big dinner and to register. Pass the word along to all the Hawkeyes you meet. The program will be along patriotic lines with songs and addresses. All Iowa visitors and tourists are wanted. Counties will be arranged as in the map of the state and there will be seats at each county.

Further information may be had from Secretary C. H. Parsons, at the California Savings and Commercial Bank, Spring and Fourth, Los Angeles. Phones, 19,459; Main 5635.

### TUSTIN BEREAN CLASS ENJOYS AFTERNOON

Women Gathered at Home of  
Mrs. W. L. Leiby For  
Regular Meeting

The Tustin Presbyterian Berean Bible Class members were entertained Wednesday afternoon at the home of Mrs. W. L. Leiby by Mrs. Leiby and Mrs. J. W. Dryer. The date was that of the regular monthly business and social meeting and came quite close to the joint birthday of the two ladies who entertained.

The handsome rooms were well filled with members of the class and guests, especially invited to celebrate the birthdays of the two ladies. The meeting opened with the president, Mrs. A. D. Turner, in the chair. All joined in singing "How Firm a Foundation."

After reports of secretary and treasurer, the Home Department committee asked to be relieved of that work were called for. As there were no responses, motion carried to turn it over to the Sunday School.

The chairman appointed Mrs. Julia Elder, Mrs. P. H. Ebel and Mrs. G. E. Hatfield as a calling committee. Mrs. W. L. Leiby, Mrs. J. W. Dryer and Mrs. G. E. Hatfield were appointed a nominating committee to prepare for the annual election of officers at the next meeting.

The calling committee is to serve for one month, calling on strangers in town with a view of getting new members for the class and the whole class is supposed to assist the committee as much as possible in this work.

After accepting Mrs. C. P. Marshall's invitation to hold the next meeting at her home, the business meeting adjourned and a social time followed. Mrs. Dryer came in with a handsome birthday cake with lighted candles, representing different periods in the lives of the two ladies. The candles were blown out by two delighted little tots who were present, Thelma Johnson and Billy Stearns.

Dainty refreshments of gelatine, fruits and whipped cream were served with Boston brown bread sandwiches, chocolate cake and coffee, and last the birthday cake.

### TUSTIN TWELVE TO MEET

The monthly meeting of the Tustin Twelve will be held next Tuesday afternoon at the home of Mrs. Fred Morehead, on Newport road.

In selecting an advertising medium, it is circulation that counts.

## Resolved

"That I  
Will Use  
REGISTER  
Want Ads  
Regularly  
During  
1918"

A daily duty and a daily pleasure with a host of progressive Orange County people is to read and study the little Want Ads appearing daily in the Register. These small messages hold many opportunities too valuable to pass up because of careless or perfunctory reading.

And there is a human interest quality about Register Want Ads that makes them interesting reading.

If you want to keep in touch with many live opportunities in this community; if you are interested in securing excellent bargains, resolve now to read and use Register Want Ads for profit. Use them also to fill many of your own needs. A little 25c ad will convince you of their worth.

The Register is the recognized advertising medium of Orange county.

GARDEN GROVE

PATRIOTIC TALK  
BY R. L. BISBY  
GARDEN GROVE  
P.-T. ASS'N

Plans Made For Colonial Entertainment to Be Held Washington's Birthday

GARDEN GROVE, Feb. 8.—The regular once-a-month meeting of the Parent-Teacher Association was held in the school auditorium, Tuesday afternoon at 2:30. The girls of the Seventh and Eighth grades sang very entertainingly. R. L. Bisby of Santa Ana gave a stirring appeal for all to rally to the patriotic standard as the war will be won by concerted action. Mrs. Arthur Peffey, president of the Orange Federation of Parent-Teacher Associations was present and extended an invitation to the local organization to join with them. A brief outline of the Mothers' Congress at Orange was given by Mrs. Lake. The local association is planning a very attractive colonial entertainment to be given Friday evening, February 22, Washington's birthday. At the meeting Tuesday it was decided by vote that no admission will be charged but a silver offering will be taken, the proceeds to be used as the association deems most profitable for the welfare of the school children. Donations of sugar, Mrs. Richey, chairman, and oranges, Mrs. Harper, chairman, will be thankfully received as light refreshments will be served.

The Junior Red Cross, with Miss Ethel Archer, chairman, has been working on sweaters and "made-overs" for the French Red Cross, with a zest which accomplishes. Mrs. Seth E. Reid and Mrs. O. H. Anderson are assisting with the cutting.

**Personal Items**

Mr. and Mrs. A. G. Phelps and children and Mrs. Phelps' mother, Mrs. E. D. Linder, spent Sunday in Los Angeles at the home of Mrs. Mary M.

KALEDINES WILL EXILE FORMER RUSS LEADER KERENSKY

Turmoil and Strife Between Cossacks, Ukrainians, Poles, Continue

PETROGRAD, Feb. 6. (Delayed).—Former Premier Kerensky has been ordered "exiled" by General Kaledines, hetman of the Don Cossacks, according to reports received here today.

Further breaks in the ranks of the factions opposing the Bolsheviks were reported.

Generals Kaledines and Alexieff and former War Minister Savinkoff, although apparently uniting in organizing an army to oppose the Bolshevik government, are said to be on the verge of a split.

The old and young Cossacks are drifting apart and are reported to be facing an armed clash. The Bolsheviks are gaining the support of the young Cossacks.

Bolshevik victories over the Ukrainians are reported. A number of stations and positions in the vicinity of Postoff have been taken by the former. An artillery battle is raging between Backmach and Niezhnia, in which the Bolsheviks are employing two hundred big guns.

The Ukrainians are reported to have retreated after blowing up a bridge across the Dnieper. The commander at Poethouro was captured and sentenced to death.

Battles between Bolshevik forces and Polish legionaries are continuing.

**NEWS BUDGET FROM TALBERT**

TALBERT, Feb. 8.—The Talbert District's dredger, is now working in the northern part of the district where an extension of ditch No. 3 was made to within a quarter of a mile of the Boisa store following the cleaning out of the old canal. The dredger is now moving a mile west and will extend ditch No. 4, half a mile, working south.

Ed Helm, who recently purchased eighty acres from Sam Talbert, is now occupying the residence which he purchased and moved from the F. P. Walker ranch. His barn he moved from Huntington Beach. Mr. Helm is at present preparing his land for beets.

Frank Thomas of Santa Ana spent Thursday with his daughter and husband, Mr. and Mrs. Harold Bullock.

Mr. and Mrs. J. H. Cox motored to Orange Monday.

Mrs. W. G. Perrin, a niece of Mrs. Sam Talbert, her baby and mother-in-law, Mrs. H. J. Perrin, came Monday evening from Santa Ana to remain in-

til Wednesday at her aunt's home during the absence of her husband. Mrs. H. J. Perrin is visiting here from New York.

A. F. Swift is still very ill with an unusually severe attack of la grippe. He is under the doctor's care and does not seem to improve. This is the second week of his illness.

Mr. and Mrs. Rene Callens and family and Walter Glaser motored to Camp Kearny Sunday, where they spent the day with relatives and friends.

Mrs. Arnold Walker's sister's family, the Mortons, who live at Elfinan, near Long Beach, are still under rigid quarantine for diphtheria. It was thought for a time that it could be lifted the past week but the culture taken of the little girl's throat every other day shows the germs still prevalent. This is the second week of the quarantine. Other members of the family have been given the antitoxine and hope to escape the disease.

Mrs. L. T. Wells and family were pleasantly surprised Sunday evening by the arrival of her nephew, Chester Dickey, and wife, the former from Camp Kearny and the latter from San Diego, where she has been since the 18th of January. Their home was in Colorado and last September Mr. Dickey was drafted and sent to the camp here, his wife coming later to be near him. At a recent examination he did not pass the heart test so now has his discharge and is looking for a location in this state, as he and his wife have decided to make California their home and do not intend to return to Colorado. On Tuesday Mr. Dickey and Mr. Wells motored to San Pedro to see about a position for the former in the shipyards.

Mrs. Hugo Lamb spent several days last week visiting with an aunt in Los Angeles last week.

Mr. and Mrs. Harvey Walker were Sunday guests at the Arnold Walker home, having motored over from Elfinan to Boisa Saturday evening, where they remained over night with Mr. and Mrs. Harry Harper. Mr. and Mrs. D. W. Irwin and son Murel, Mr. Keiser of Orange and Miss Ida Belle Chandler were also of the dinner party at the Walker home. Harvey Walker was put in the fourth class by the examination board.

Mr. and Mrs. R. L. Callens and their family took a motor trip on Sunday to San Luis Rey.

Mr. and Mrs. Harold Bullock spent Monday in Santa Ana assisting Mr. Bullock's parents in their preparations to move to Long Beach, where they will reside and conduct a grocery store which they have purchased there.

Mr. and Mrs. Chas. Ward were entertained by Mr. and Mrs. S. A. Cock at their home at Tustin. The afternoon was spent at Laguna Beach.

Mr. and Mrs. J. R. Randall of the Bungalow Apartments, Santa Ana, were Sunday guests at the Plavan home.

Mr. and Mrs. Harold Bullock took dinner Sunday with Mrs. Bullock's parents, Mr. and Mrs. Frank Thomas, in Santa Ana.

Ray Wardlow made a business trip to Oceanside on Friday of last week.

Mr. and Mrs. Emil Lecrivain and family motored Sunday to Glen Ivy Hot Springs, where they spent the day.

Word received this week from the East by the Plavan young people gives them cause to expect their parents, Mr. and Mrs. F. D. Plavan, home the latter part of this week. The news came through an uncle, and Mr. and Mrs. Plavan were evidently intending their arrival to be a surprise.

Mr. and Mrs. J. O. Harvey entertained at dinner Sunday friends from Orange. Mr. and Mrs. Tim Downing and son Clyde and their son and wife, Mr. and Mrs. Robert Harper.

Miss Anna Clark, who has been staying with her sister, Mrs. Ray Wardlow, and attending the Huntington Beach High School, is spending a couple of weeks with her sister, Mrs. J. H. Eader, at the beach.

S. E. Talbert planted ten acres of alfalfa on the home ranch Wednesday of this week.

The acreage devoted to beets in this vicinity will be small in comparison with that of former years and more beans and barley will be raised. A number of ranchers expect to attend the beet growers' association meeting in Los Angeles next Thursday, when the subject of the raising of the crops will be taken up with the government officials.

Seed Time

Peas, Carrots and similar varieties should be planted now for best results. By getting your vegetable patch started at once you will be aiding the government food problem. But whatever you do, plant only hearty, guaranteed seeds. Make sure about this. Come here for your seeds.

'CASCARETS' FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, For Biliousness, Sour Stomach and Constipation

Get a 10-cent box now. Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good cleansing, too.—Adv.

SANTA ANA BOY WINS BIG DEBATE AT UNIVERSITY

Calvin Lauderbach, a former resident of Santa Ana and now attending the University of Southern California in Los Angeles, upheld the honors of that institution in a recent debate with Whittier College, the U. S. team winning a three-to-one decision.

Lauderbach defended the negative side of the question of Federal conscription of labor for the period of the war. His delivery was forceful and his reasoning clear.

The argument set forth by Lauderbach was in part as follows: "President Wilson and the other leaders of the nation are opposed to this proposal to conscript labor," declared Lauderbach. "We are at war for an ideal—the ideal of democracy. We are fighting Prussianism—the ideal that the individual is altogether subservient to the state. We must not fall into the form of autocracy ourselves.

"The true way to increase output is to increase labor's enthusiasm and loyalty—not to decrease it. Desire to help must be created and fostered. The President himself addressed the National Labor Convention at Buffalo—the first time in history a president had so recognized labor.

"Labor conscription would be class conscription. It has nothing in com-

SANTA ANA DID BIT OF COURSE

A marked copy of "The Columbiad," official journal of the Knights of Columbus, has been received at the Register office, showing Santa Ana's contribution to the Knights of Columbus War Relief Fund to be \$696.50.

mon with the selective draft, which takes rich and poor, humble and lofty, unlettered and learned alike. The selective draft was universal and democratic—the conscription of labor means the enslavement of a single class.

Lauderbach was the introductory speaker of the U. S. C. side,

Utility Trailers

"REDUCE DELIVERY COSTS"

CARRYING POWER WHEN UTILIZED ALONE MEANS WASTE

Trailers Consume the Power Which Ordinarily Goes to Waste

UTILITY Trailers are not wagon construction. Frames are made of highest grade angle steel. Axles are of motor truck type. Bearings are high speed, double roller or ball, auto type. Tires are solid rubber, motor truck type. Spring, semi-elliptic. Trailers are all standard tread and track perfectly at any rate of speed.

UTILITY Trailers are today solving the hauling problems for Stages, Brick Yards, Cattlemen, Bakers, Lumbermen, etc.

UTILITY Trailers have been adopted as standard equipment by practically every large Western corporation.
